West German Leader Hails French Action

Jubilant Adenauer Says Basis Created For European Unity

BONN, Germany, March 27 (AP)—Chancellor Konrad Adenauer said today French approval of the Paris treaties to rearm West Germany "has created a firm basis for the unity for Europe."

"The decision of France also has established a basis for good relations between Germany and France," Adenauer said in a telephone interview. "I am very pleased that the decisive step has now been taken for the admittance of Germany into the Atlantic Pact."

Chancellor Jubilant

Adenauer's aides said he was jubilant over French approval of the treaties. It removes the last major obstacle before his cherished goal of an armed West German alliance with the Western world. He arose at 5 a.m. to read news reports of the final vote on the treaties in an all-night session of the French Senate. The votes were overwhelming and all amendments which might have delayed action were beaten down decisively.

Adenauer's chief parliamentary deputy, Heinrich von Brentano, said in a statement:

"The French decision is of especial importance because it will finally end Germany's position as an occupied country and make of Germany a partner of the free world."

No Longer "Isolated"

"The West German Republic now has the possibility of pursuing the goal of German reunification. For we are not alone and isolated but in association with the nations of the free world can pursue this goal."

Von Brentano, who is expected to become foreign minister after final ratification of the treaties, added:

"I am confident that after five years of discussions and various setbacks we have now reached the point where it is possible to develop a policy of European unity."

The opposition Socialists, who have fought the treaties, said "the most significant result of their ratification will be that both parts of Germany will rearm and each will be incorporated in a military bloc."

Teacher Visiting Woman Is Killed By Her Ex-Mate

BERKELEY, Calif., March 27 (AP)—Pistol bullets late last night cut down a young psychology instructor at the home of a divorced woman he was visiting. He died in a rose bush by the front porch. Police said the killer was the former husband of the woman friend.

The victim was 31-year-old William Richardson, a teacher at Armstrong Business College in Berkeley.

His alleged slayer, Vernon L. Wiemeyer, 27, a University of California graduate and holder of a bachelor degree in business administration, was jailed in El Cerrito, booked for investigation of murder.

Senate Unit To Open Paris Pact Hearings

WASHINGTON, March 27 (AP)—The Senate Foreign Relations Committee is expected to begin hearings this week, possibly Tuesday, on the Paris accords on West German rearmament.

Chairman George (D-Ga.) has indicated that the precise date of opening the hearings will depend on the availability of Secretary of State Dulles, who is scheduled to be the leadoff witness. The hearing may not get under way before Wednesday or Thursday, possibly later.

Farm Couple, Two Youngsters Slain; Suspect Arrested

ROCK ISLAND, Tenn., March 27 (AP)—A man, wife and two children were found slain at their farm near here today and a man accused of selling their mules and produce has been charged with murder.

The victims were Mr. and Mrs. Henry Bratcher, 45 and 43, their daughter, Lily Mae, 11, and their motherless granddaughter, Charlotte Ann Bratcher, 20 months. They had been dead several days. Bratcher's body was found early today in a pile of molasses leavings. His wife and daughter were found in a sink hole, the baby in a cistern.

Mr. and Mrs. Bratcher had been shot with .22 caliber bullets. The older girl's skull had been crushed. The baby was believed to have drowned or frozen.

Sheriff Eldridge Youngblood said Billy T. Gibbs, 22, of McMinnville, Tenn., has been charged with murder.

Senators Warn Chinese Attack May Come Soon

WASHINGTON, March 27 (AP)—Sen. Bridges (R-NH) said tonight he has word that if the Chinese Communists attack Formosa this year they will launch the assault within the next 60 days.

And Sen. Knowland (R-Calif.) said "all indications" are that the Reds "are building up airfields and forces opposite Quemoy and Matsu."

Bridges, chairman of the Senate Republican Policy Committee, said he had no information on reports that a Communist attack would come by April 15. Asked about the same reports, Knowland replied, "Nobody has a crystal ball."

Interviewed On Radio-TV

The two were interviewed on separate radio-TV programs. Bridges on NBC's "Meet the Press" and Knowland on CBS' "Face the Nation."

Knowland, the GOP Senate leader, said he thought the Chinese Communists "have the capability" for an attack but he added: "When, or if—no one can be certain."

Both Bridges and Knowland said they considered Quemoy and Matsu, islands off the China coast, necessary for the defense of Formosa, the Chinese Nationalist stronghold.

Bridges said Quemoy and Matsu overlook the only beaches from which the Communists can launch an attack on Formosa. "From that viewpoint," he said, "they are essential."

Disagrees With Ridgway

He said he disagreed with Gen. Matthew Ridgway, Army chief of staff, who has said Quemoy and Matsu could not be defended successfully without American ground troops. Bridges said he agreed with other military leaders who maintain that U.S. air and naval support would be sufficient.

Asked what he thought the chances were of the United States becoming involved in a war in the Far East, Bridges said the chances were "three to one" against it.

Knowland said he thought "active defense of Quemoy and Matsu would be worth whatever it cost" "unless we are prepared to see all of Asia go down the drain."

Grateful Survivors Of Plane Crash At Sea Reach Seattle

SEATTLE, March 27 (AP)—Happy to be alive but sobered by their experience, 19 survivors of the crash-landing of a Pan-American Airways plane in the Pacific Ocean came home today to a tear-stained, lump-in-the-throat welcome.

With them came four bodies, victims of the cruel sea that broke up their big Hawaii-bound luxury airliner after it lost an engine and was forced to land 25 miles off the Oregon coast yesterday morning.

Snatched from a similar fate by the timely arrival of the USS Bayfield, a Navy transport which was 18 miles away when the airliner crashed, the survivors—those who could and would talk—were grateful to their rescuers and their God. They were high in their praise of plane crew members who coolly ignored their own safety while helping adjust life preserves and

27 Dead, Crops Dealt Blow As Cold Grips East, South

Icy Wind Gusts Cause Damage

[By The Associated Press]

Record - smashing temperatures for March throughout the South, below zero readings in the North, west and snow from the Mississippi Valley eastward to the coast gave the lie to spring Sunday.

The unseasonable Colorado-born storm which swept east and south caused millions of dollars in damage to fruit and tender spring crops. The peach crops in Illinois, Georgia and the Carolinas were virtually wiped out with losses for the growers of the four states put at 30 million dollars. Half the Illinois apple crop also was chalked off as lost.

Three Vessels Stalled

In the Gulf of Mexico Coast Guard cutters located nine fishing boats and pleasure craft reported overdue in waters tossed by a 30-mile wind. A cabin cruiser with the mayor of Biloxi, Miss., aboard had been reported missing but the Coast Guard said the vessel was proceeding to port.

Wind gusts up to 50 miles an hour buffeted the metropolitan New York area. A sheet of metal blown from a roof top injured one man.

The snows tapered off Sunday. But there were flurries in the central Mississippi Valley eastward through central Illinois, northern Indiana, lower Michigan, central Ohio, western Pennsylvania and southern New York.

At Least 27 Dead

At least 27 deaths were attributed to the unseasonable storm.

In South Carolina, winds, choppy water and freezing temperatures marooned more than 200 fishermen and pleasure boaters on islands dotting Lake Marion. Helicopters flew a shuttle rescue service to pick up 93. The others made shore by their own efforts.

Some warming occurred in the Great Plains and Mississippi Valley states. But temperatures there still were far below seasonal normal with readings in the teens as far south as Oklahoma and northern Arkansas.

Sen. Case Offers Roads Program Financing Plan

WASHINGTON, March 27 (AP)—Sen. Case (R-SD) tonight offered a new proposal for financing the administration's multibillion dollar highway plan.

"I believe this will answer much of the criticism raised against the original plan," Case told reporters. Key features of the new proposal would be a use fee levied on heavy trucks and buses and a "national interstate highway right-of-way corporation" to acquire land for the roads and collect revenues.

Case estimated his plan would provide about 70 billion dollars for completion of the nationwide highway complex during the next 10 years, compared with 101 billions listed for the original administration program.

"It still aims at a 40,000-mile network," he said.

Italian Premier Welcomed To U.S.

WASHINGTON, March 27 (AP)—Premier Mario Scelba of Italy arriving for talks with President Eisenhower, today pledged his government would work with the United States to "discourage aggression and prevent more tragedy."

"I think of the United States as the great modern democracy which did not hesitate to sacrifice its high standard of living to defend freedom when it was imperiled," he said at the airport.

Vice President Nixon, Secretary of State Dulles, Ambassador Clare Boothe Luce and some 200 spectators welcomed the visiting Italian leader as he arrived aboard a Canadian air force plane for his three-day round of high-level talks. Scelba and Italian Foreign Minister Gaetano Martino arrived from Ottawa where, for two days, they had conferred with Canadian officials.

Atomic Antiaircraft Weapon Test Slated

WASHINGTON, March 27 (AP)—The government tonight officially disclosed plans to add atomic anti-aircraft weapons to its already extensive nuclear arsenal.

A joint Atomic Energy Commission - Defense Department announcement revealed that the current weapons tests in Nevada will include the firing of a nuclear blast miles high in the air, at an altitude where enemy bombers would fly. Such an explosion might be powerful enough to wreck an entire formation of planes.

"Because of their great power, atomic air defense weapons will greatly increase our ability to repel an enemy air attack," the announcement said.

"The employment of such weapons . . . will enhance the effectiveness of interceptor aircraft squadrons and ground-based air defense units in stopping enemy bombers short of our cities and other strategic targets."

The wording suggested the atomic ack-ack weapons will include missiles or artillery fire not only from the ground but launched from interceptor planes flying high.

"I think that after we have heard the President's views on these matters there will be more understanding of the problems and of what the administration is doing to meet them," Bridges said.

The Senate Democratic leader, Lyndon Johnson of Texas, and others are expected to ask the President for his assessment of the tensing situation in the Formosa Strait area.

Russia Blasts Arms Parley 'Leak' Charge

No Soviet Agreement To Keep Talks Under Wraps, Pravda Says

LONDON, March 27 (AP)—Russia lashed out today against Western charges that she violated secrecy rules at the London disarmament talks and claimed there never had been any Soviet agreement to keep the conference under wraps.

Pravda, organ of the Communist party, declared the conference "leak" by Andrei Gromyko was a deliberate maneuver "to tell the truth to the international public."

Before leaving the London talks Thursday, the first deputy Soviet foreign minister gave a long, detailed interview to the London correspondent of Tass news agency, charging the Western powers with blocking agreement on disarmament.

"Gross Violation"

Britain, France and the United States replied by charging Gromyko with "gross violation" of secrecy rules governing the London session of the U.N. disarmament subcommittee and said his version "did not conform to the truth."

They said it was agreed at the U.N. General Assembly last October that the talks should be held in strictest secrecy.

Today's Pravda article, broadcast by Moscow radio and monitored here, said Gromyko protested at the opening of the London talks that the secrecy rules were unnecessary and "it was not expedient to introduce them."

Other Charges Unanswered

It added that Gromyko asserted he would "take steps to tell the truth to the international public" if he did not agree with Western press reports of the conference.

The Kremlin counterblast lashed out only at the secrecy issue, and did not answer Western charges that Gromyko had held up the talks for three weeks by insisting on debating the immediate destruction of all atomic weapons without prior agreement on general disarmament measures.

Gromyko withdrew this plan after three weeks and reinstated a Soviet plan closely akin to the French-British proposals listed in the conference terms of reference.

Hull Reported Improved, Stays On Critical List

WASHINGTON, March 27 (AP)—Former Secretary of State Cordell Hull, now 83, was on the critical list at Bethesda Naval Hospital today after suffering a stroke. The hospital reported he had shown "definite improvement" overnight, however.

The veteran legislator and statesman was stricken early yesterday and taken to the Bethesda medical center where he has spent many months in recent years.

The hospital said last night he had been in and out of coma. Today it issued this bulletin:

"Mr. Hull has shown definite improvement during the night and is no longer comatose. However, his basic diagnosis remains unchanged and he remains on the critical list."

Later in the day the hospital said Hull was still conscious and "essentially the same" as this morning. Periodic reports on his condition were planned.

Alfred Lunt And Nancy Kelly Win 'Tony' Drama Awards

NEW YORK, March 27 (AP)—American Theater Wing "Tony" awards—Broadway's equivalent of Hollywood's "Oscars"—were presented tonight to such a veteran star as Alfred Lunt and such youthful sprites as a trio recently out of the University of Wisconsin.

"The Desperate Hours" by Joseph Hayes was named the best drama and "The Pajama Game" was cited as the best musical comedy.

Lunt received the best actor award for his starring performance in Noel Coward's "Quadriple." Nancy Kelly was honored as the best dramatic leading lady for her work in "Bad Seed."

The three youngsters—Warren Enters, Robert Merriman and Sybil Trubin who are all in their

'Copters Rescue 93 Stranded On Isles By Weather

VANCE, S.C., March 27 (AP)—Helicopters today rescued 93 fishermen and pleasure boaters stranded overnight on islands dotting 12-mile long Lake Marion.

Another hundred, marooned by winds, choppy water and freezing temperatures made shore by their own efforts. There were no known casualties among the men, women and children, except for minor exposure cases.

Two helicopters from Shaw Air Force Base at Sumter flew a shuttle service and brought 93 persons to safety. Other stranded persons built fires on the small islands and protected themselves against the 28-degree temperature until the sun came up today.

Dozen Nebraska Convicts Revolt, Hold Two Guards

LINCOLN, Neb., March 27 (AP)—Twelve Nebraska Penitentiary convicts seized two guards today and holed up with their captives in the prison's maximum security building, also known as the prison jail.

Nine hours later the convicts and hostages still were in the building while scores of guards and state safety patrolmen kept guns trained on he building's single entrance.

Guards Unharmed

The guards reported by inter-communication telephone that they were unharmed.

The guards said the convicts were armed with knives, but prison officials did not know whether this was said under duress or not.

There were no incidents elsewhere in the prison.

Gov. Victor Anderson assumed personal command of the situation.

The convicts apparently had no food and had not eaten since breakfast.

No Chance For Break

"They aren't going anywhere," commented Gov. Anderson of the insurgent convicts.

"There's no chance for them to make a break."

"If any of them come out they will be met by a 50-gun salute."

The convict rebels said they had demands to make and would spell them out in writing.

But hours passed and there was no further word from the men.

Trio Held In Theft Of GM Style Plans

DETROIT, March 27 (AP)—Two police officers and a General Motors Corp. plant guard were under arrest today for investigation of grand larceny in the theft of top secret style plans of future GM cars.

State police said the three were seized Friday after two of them sold photographs of GM models to an independent automobile designer in Mt. Clemens, Mich.

Designs of new model cars are among the most closely guarded secrets of the auto industry. Police said GM claimed that had the pictures fallen into hands of competitors, it would have cost the company millions of dollars to retol and change designs.

Arrested were Elmer E. Bolla, 27, of suburban East Detroit; Thomas Robertson, 32, of suburban Roseville, and Richard Declaire, 23, also of Roseville, and a brother-in-law of Bolla.

French Senate Votes To Adopt Paris Accords

Western Obstacle To East-West Peace Meeting Removed

PARIS, March 27 (AP)—France finally made up her mind today on Germany's role in Western defense and, breaking up a lengthy diplomatic logjam, opened a path to a new East-West conference to ease world tensions.

The French Senate's resounding endorsement of the Paris accords no West German rearmament also breathed new life into the ideal of European unification, drooping ever since the collapse of the European Defense Community project last summer.

As the Senate began voting on the new treaties, Soviet Premier Marshal Nikolai Bulganin advanced Soviet support for a new Big Four conference. He did so in expressing his "positive attitude" toward President Eisenhower's news conference remarks Wednesday, advocating such an East-West meeting after the Paris pacts have been fully ratified.

Faure Contacts U.S., Britain

Premier Edgar Faure, battling every hour of an all-night session, told the French Senate he had already contacted the United States and Britain on preparations for an eventual meeting with the Soviet Union. He made such an East-West conference, covering all problems "susceptible to a solution," the final item in a five-point statement of government policy.

French officials said today Eisenhower's remarks, Bulganin's statement to Tass, and a comment from a British Foreign Office spokesman last night endorsing Faure's policy, were all "a first concrete result" of diplomatic steps taken by France last week.

To push the Paris accords through the French Senate, Faure and Foreign Minister Antoine Pinay beat down all attempts to delay or cripple endorsement, and came up with ample majorities. They thus completed the efforts of Faure's predecessor, Pierre Mendes-France, one of the authors of the accords, who put them through the French National Assembly last December.

U.S. Senate Must Act

On the key issue—to add West Germany and Italy to the old Brussels Treaty and use this new seven-power Western European Union to supervise West German rearmament—Faure won easily, 184 to 110.

The Senate then approved restoration of West German sovereignty and the end of Allied occupation of West Germany, 234 to 75. It endorsed West Germany's entry into the North Atlantic Treaty Organization, 200 to 114, and the French-German agreement to "Europeanize" the Saar pending a final all-German peace treaty, 217 to 92.

The Senate's action completed all parliamentary action on the accords except for approval in the American Senate, the Danish Parliament, and the legislatures of Belgium, Holland and Luxembourg. These are expected without difficulty.

Pakistan Boss Declares State Of Emergency

KARACHI, Pakistan, March 27 (AP)—The strong man of Pakistan declared a state of emergency throughout the country today and ruled the two halves of the divided land should henceforth be known as East and West Pakistan.

Acting swiftly to avert legal paralysis that threatened to follow a Federal Court ruling, one of Gov. Gen. Ghulam Mohammed's first actions after assuming the special powers was to write finish to interprovincial rivalries.

West Pakistan hitherto has been composed of the provinces of Punjab and Bahawalpur, Northwest frontier, Sind and Khaipur and Baluchistan. It has long been the aim of federalists to combine these to balance East Bengal—now East Pakistan—whose 42 million population overshadows the other provinces. Pakistan totals nearly 76 million people in areas separated by hundreds of miles of Indian territory.

The Federal Court held on March 21 that 46 acts passed by the Constitutional Assembly had not received the governor general's assent, and thus were invalid. Legal experts said he could not make his assent retroactive.

Before leaving the London talks Thursday, the first deputy Soviet foreign minister gave a long, detailed interview to the London correspondent of Tass news agency, charging the Western powers with blocking agreement on disarmament.

"Gross Violation"

Britain, France and the United States replied by charging Gromyko with "gross violation" of secrecy rules governing the London session of the U.N. disarmament subcommittee and said his version "did not conform to the truth."

They said it was agreed at the U.N. General Assembly last October that the talks should be held in strictest secrecy.

Today's Pravda article, broadcast by Moscow radio and monitored here, said Gromyko protested at the opening of the London talks that the secrecy rules were unnecessary and "it was not expedient to introduce them."

Other Charges Unanswered

It added that Gromyko asserted he would "take steps to tell the truth to the international public" if he did not agree with Western press reports of the conference.

The Kremlin counterblast lashed out only at the secrecy issue, and did not answer Western charges that Gromyko had held up the talks for three weeks by insisting on debating the immediate destruction of all atomic weapons without prior agreement on general disarmament measures. Gromyko withdrew this plan after three weeks and reinstated a Soviet plan closely akin to the French-British proposals listed in the conference terms of reference.

Hull Reported Improved, Stays On Critical List

WASHINGTON, March 27 (AP)—Former Secretary of State Cordell Hull, now 83, was on the critical list at Bethesda Naval Hospital today after suffering a stroke. The hospital reported he had shown "definite improvement" overnight, however.

The veteran legislator and statesman was stricken early yesterday and taken to the Bethesda medical center where he has spent many months in recent years.

The hospital said last night he had been in and out of coma. Today it issued this bulletin: "Mr. Hull has shown definite improvement during the night and is no longer comatose. However, his basic diagnosis remains unchanged and he remains on the critical list."

Later in the day the hospital said Hull was still conscious and "essentially the same" as this morning. Periodic reports on his condition were planned.

Alfred Lunt And Nancy Kelly Win 'Tony' Drama Awards

NEW YORK, March 27 (AP)—American Theater Wing "Tony" awards—Broadway's equivalent of Hollywood's "Oscars"—were presented tonight to such a veteran star as Alfred Lunt and such a youthful sprits as a trio recently out of the University of Wisconsin.

"The Desperate Hours" by Joseph Hayes was named the best drama and "The Pajama Game" was cited as the best musical comedy.

Lunt received the best actor award for his starring performance in Noel Coward's "Quadrille." Nancy Kelly was honored as the best dramatic leading lady for her work in "Bad Seed."

'Copters Rescue 93 Stranded On Isles By Weather

VANCE, S.C., March 27 (AP)—Helicopters today rescued 93 fishermen and pleasure boaters stranded overnight on islands dotting 12-mile long Lake Marion.

Another hundred, marooned by winds, choppy water and freezing temperatures made shore by their own efforts. There were no known casualties among the men, women and children, except for minor exposure cases.

Two helicopters from Shaw Air Force Base at Sumter flew a shuttle service and brought 93 persons to safety. Other stranded persons built fires on the small islands and protected themselves against the 28-degree temperature until the sun came up today.

Dozen Nebraska Convicts Revolt, Hold Two Guards

LINCOLN, Neb., March 27 (AP)—Twelve Nebraska Penitentiary convicts seized two guards today and holed up with their captives in the prison's maximum security building, also known as the prison jail.

Nine hours later the convicts and hostages still were in the building while scores of guards and state safety patrolmen kept guns trained on the building's single entrance.

Guards Unharmed

The guards reported by intercommunication telephone that they were unharmed.

The guards said the convicts were armed with knives, but prison officials did not know whether this was said under duress or not.

There were no incidents elsewhere in the prison.

Gov. Victor Anderson assumed personal command of the situation. The convicts apparently had no food and had not eaten since breakfast.

No Chance For Break

"They aren't going anywhere," commented Gov. Anderson of the insurgent convicts.

"There's no chance for them to make a break."

"If any of them come out they will be met by a 50-gun salute."

The convict rebels said they had demands to make and would spend them out in writing.

But hours passed and there was no further word from the men.

Trio Held In Theft Of GM Style Plans

DETROIT, March 27 (AP)—Two police officers and a General Motors Corp. plant guard were arrested today for investigation of grand larceny in the theft of top secret style plans of future GM cars.

State police said the three were seized Friday after two of them sold photographs of GM models to an independent automobile designer in Mt. Clemens, Mich.

Designs of new model cars are among the most closely guarded secrets of the auto industry. Police said GM claimed that had the pictures fallen into hands of competitors, it would have cost the company millions of dollars to retol and change designs.

Arrested were Elmer E. Bolla, 27, of suburban East Detroit; Thomas Robertson, 32, of suburban Roseville; and Richard Declaire, 23, also of Roseville, and a brother-in-law of Bolla.

Singer In Israel

TEL AVIV, Israel, March 27 (AP)—Singer Marian Anderson arrived by plane today for a singing engagement of several weeks with the Israeli Philharmonic Orchestra.

20s—were honored as the best off-Broadway group for producing Garrick's "Way of the World" and Anouilh's "Thieves' Carnival" at the Greenwich Village Cherry Lane Theater.

The awards were presented at a dinner in the Plaza Hotel presided over by Helen Hayes.

Other "Tonys" were awarded as follows: Best feminine star in a musical comedy—Mary Martin in "Peter Pan." Best male musical star—Walter Slezak in "Fanny." Best director—Robert Montgomery for "The Desperate Hours." Best supporting actress in a musical—Carol Haney in "The Pajama Game"; best male supporting performer in a musical—Cyril Richard in "Peter Pan."

French Senate Votes To Adopt Paris Accords

Western Obstacle
To East-West Peace
Meeting Removed

PARIS, March 27 (AP)—France finally made up her mind today on Germany's role in Western defense and, breaking up a lengthy diplomatic logjam, opened a path to a new East-West conference to ease world tensions.

The French Senate's resounding endorsement of the Paris accords on West German rearmament also breathed new life into the ideal of European unification, drooping ever since the collapse of the European Defense Community project last summer.

As the Senate began voting on the new treaties, Soviet Premier Marshal Nikolai Bulganin advanced Soviet support for a new Big Four conference. He did so in expressing his "positive attitude" toward President Eisenhower's news conference remarks Wednesday, advocating such an East-West meeting after the Paris pacts have been fully ratified.

Faure Contacts U.S., Britain

Premier Edgar Faure, battling every hour of an all-night session, told the French Senate he had already contacted the United States and Britain on preparations for an eventual meeting with the Soviet Union. He made such an East-West conference, covering all problems "susceptible to a solution," the final item in a five-point statement of government policy.

French officials said today Eisenhower's remarks, Bulganin's statement to Tass, and a comment from a British Foreign Office spokesman last night endorsing Faure's policy, were all "a first concrete result" of diplomatic steps taken by France last week.

To push the Paris accords through the French Senate, Faure and Foreign Minister Antoine Pinay beat down all attempts to delay or cripple endorsement, and came up with ample majorities. They thus completed the efforts of Faure's predecessor, Pierre Mendes-France, one of the authors of the accords, who put them through the French National Assembly last December.

U.S. Senate Must Act

On the key issue—to add West Germany and Italy to the old Brussels Treaty and use this new seven-power Western European Union to supervise West German rearmament—Faure won easily, 184 to 110.

The Senate then approved restoration of West German sovereignty and the end of Allied occupation of West Germany, 234 to 75. It endorsed West Germany's entry into the North Atlantic Treaty Organization, 200 to 114, and the French-German agreement to "Europeanize" the Saar pending a final all-German peace treaty, 217 to 92.

The Senate's action completed all parliamentary action on the accords except for approval in the American Senate, the Danish Parliament, and the legislatures of Belgium, Holland and Luxembourg. These are expected without difficulty.

Pakistan Boss Declares State Of Emergency

KARACHI, Pakistan, March 27 (AP)—The strong man of Pakistan declared a state of emergency throughout the country today and ruled the two halves of the divided land should henceforth be known as East and West Pakistan.

Acting swiftly to avert legal paralysis that threatened to follow a Federal Court ruling, one of Gov. Gen. Ghulam Mohammed's first actions after assuming the special powers was to write finish to interprovincial rivalries.

West Pakistan hitherto has been composed of the provinces of Punjab and Bahawalpur, Northwest Frontier, Sind and Khaipur and Baluchistan. It has long been the aim of federalists to combine these to balance East Bengal—now East Pakistan—whose 42 million population overshadows the other provinces. Pakistan totals nearly 76 million people in areas separated by hundreds of miles of Indian territory.

The Federal Court held on March 21 that 46 acts passed by the Constitutional Assembly had not received the governor-general's assent, and thus were invalid. Legal experts said he could not make his assent retroactive.

Conservative Republicans Open Drive To Wrest Party "Control" From "Liberals"

CHICAGO, March 27 (AP)—A group of conservative Republicans today announced the start of "a nationwide drive to wrest control of the Republican party from New Dealers and internationalists."

The Abraham Lincoln National Republican Club termed the drive "the first major break in Republican ranks between Eisenhower 'Liberals' and the so-called conservative, 'isolationist' wing of the party."

Announcement of the new conservative movement was made in a statement issued by the Abraham Lincoln Club, one of the sponsors of a Feb. 12 rally of conservative Republicans who filled the Grand Ballroom and an adjacent hall in Chicago's Morrison Hotel.

The crowd—2,500 persons from 32 states, the sponsors said—heard criticism of some aspects of the Eisenhower administration.

Now, the club said, it plans similar meetings in the 47 other states. Among the speakers at the Feb. 12 "seminar" were Sen. McCarthy of Wisconsin, Sen. Malone of Nevada, Gov. J. Bracken Lee of Utah and Kit Clardy, former congressman from Michigan. All are Republicans.

Capt. Edgar C. Bundy of suburban Wheaton, the club president, said those four men told club officials "they would make themselves available to speak at seminars in each of the 48 states at any time we wish to call them."

Bundy said the Chicago club is being expanded, and each state will have two coordinators, "similar to the national party committee men and women for each state." He said the group will establish "recruiting offices around the country."

He also said he is confident that "by the time we are ready for another meeting we will have many other important American leaders on our team, including Senators John W. Bricker (Ohio), Styles Bridges (N.H.), William F. Knowland (Calif.) and William E. Jenner (Ind.)."

Train Kills Tot Playing On Track

EUREKA, Calif., March 27 (AP)—Before anybody was up at his house this Sunday morning, 3-year-old Joseph Patrick Arabia padded out in his shirt and found a wonderful place to play—right on the Northwestern Pacific Railroad tracks.

Engineer E. Wahlund saw the boy as the train rounded a curve and applied the brakes with all their power, stopping within three car lengths. But it wasn't soon enough. The child was struck and hurled from the track, killed instantly.

Still sleeping at home were the mother, Mrs. Marion Ward, and grandmother, Mrs. Nora Weed, when the tragic news was brought to them.

Reuther Asserts Guaranteed Pay Plan UAW 'Must'

CLEVELAND, March 27 (AP)—CIO President Walter Reuther said today danger signs of a new great depression are showing in the American economy and his guaranteed wage plan will help correct them.

Reuther, also head of the 1½-million member CIO United Auto Workers Union, told 3,000 cheering delegates at the opening session of the UAW convention he was bound and determined to win the year-around pay plan in new auto industry contracts this year.

The red-headed union leader said that just as in the years leading up to the 1929 depression production, employment, wages and farm income all declined between 1933 and 1934, yet profits have increased nearly 25 per cent.

"In the early 1920s," Reuther said, "the economic depression was born during a period when the people who had too little got less and less, and the people who had too much got more and more. Now the same thing is happening again."

Reuther said the guaranteed wage plan would compel employers to plan for full production and full employment and thereby maintain the consumer purchasing power to provide a steady customer demand for products.

Harlan To Take Seat On High Court Bench

WASHINGTON, March 27 (AP)—Judge John Marshall Harlan will be sworn in tomorrow as an associate justice of the Supreme Court—following in the footsteps of the grandfather whose name he bears.

At noon the New Yorker will don the black silk robe, receive oaths of office and take his seat on the tribunal's high mahogany bench.

Two More Priests Seized In Argentina

BUENOS AIRES, Argentina, March 27 (AP)—Argentine police have arrested two more Roman Catholic priests.

Reports from Cordoba province said Father Sergio Loido, parish priest at General Cabrera, was taken into custody Saturday. Charges against him were not disclosed. Friar Jose Maria Valls, head of the Franciscan Order, was arrested Wednesday and held one day. A police judge in Cordoba city sentenced him to 10 days in jail for "spreading false reports tending to alarm the population."

South Viet Nam Premier Wins Partial Victory

SAIGON, South Viet Nam, March 27 (AP)—Premier Ngo Dinh Diem appeared tonight to have won a partial victory over the religious sects and their allies who sought to topple him from power.

One of the sects' leading military men, Gen. Trinh Minh The, of the Cao Dai announced he was withdrawing from the united front which last Monday delivered Diem an ultimatum to apply the broom to his Cabinet.

The, a long-time anti-Communist and anticommunist, said he would recommend that the plucky little Premier form a new nonsect government.

Shortly before the told newsmen he now was in complete agreement with the Premier the united front issued a communique announcing that four Cao Dai ministers had resigned from the Cabinet and four Hoa Hao ministers would follow suit tomorrow.

The Premier's office called the story a hoax perpetrated by the Binh Xuyen society which now finds itself virtually isolated in opposition to Diem.

Binh Xuyen, a society of former river pirates which has controlled gambling and vice in Saigon, has been the ally of the Cao Dai and Hoa Hao religious sects in the united front.

Egypt Is Censured For Truce Violation

JERUSALEM, Israeli Sector, March 27 (AP)—The U.N. Israeli-Egypt Mixed Armistice Commission censured Egypt today for an Arab band's "brutal and murderous" attack on an Israeli wedding party Thursday.

A resolution said two armed men threw hand grenades and fired Sten guns, killing a woman and wounding 23 persons, including four children and an infant who suffered shock. The attack took place at Shatish village, 11 miles inside Israeli territory from the Gaza strip in southwestern Palestine.

The incident was a "flagrant violation of the general armistice agreement by Egypt," a commission communique said.

McKeldin Heads GOP Convention Committee

WASHINGTON, March 27 (AP)—Appointment of four committees for the 1956 Republican National Convention in San Francisco was announced today by Leonard W. Hall, GOP national chairman.

Hall will serve as chairman of the Arrangements Committee. Other chairmen named are: Gov. Theodore R. McKeldin of Maryland, rules; Albert K. Mitchell, national committeeman for Mexico, contests; and Will W. Spear, Nebraska state chairman, call.

Five Demos Suggested For Judge Appointment

TOWSON, Md., March 27 (AP)—Five Democrats, one of them a former law partner of Gov. McKeldin, have been suggested for appointment as judge of Maryland's Third Judicial Circuit.

The Republican governor received the list from the Baltimore County Bar Assn. following a meeting Saturday at the courthouse in Towson. The vacancy on the Third Circuit bench was created last week by the death of Chief Judge J. Howard Murray.

Michael Paul Smith, 57, the former law partner, is a close personal friend of McKeldin's. Others on the list include James C. L. Anderson, 65, George M. Berry, 43, Kenneth C. Proctor, 42, and W. Albert Menchine, 45.

G. C. Doub Is Mentioned As Federal Judge Candidate

With the announcement of the retirement of U. S. District Judge William C. Coleman, a native of Cumberland is being mentioned as one of the candidates to succeed him.

He is George Cochran Doub, U. S. district attorney for the District of Maryland since August 1953.

Doub, brother of Albert A. Doub, local attorney, and son of the late Circuit Court Judge Albert A. Doub and Mrs. Doub, this city, has been active in Baltimore law circles for the past quarter century.

Chief Judge Coleman announced his resignation will be effective June 1. He was appointed to the Federal Court post on April 6, 1927 by President Coolidge.

Informed sources in Baltimore report that Doub is one of two lawyers being mentioned prominently to succeed Judge Coleman.

Doub, who was born in Cumberland January 25, 1902, resides at Owings Mills in Baltimore County with his wife, son and two daughters.

He was educated at Allegany County High School, this city; Episcopal High School, Alexandria, Va.; Princeton University, Johns Hopkins University and the University of Maryland Law School.

From 1926 until 1934, he was counsel for the Western Maryland Railway, serving as assistant solicitor and later as general attorney. Doub was a partner in the Baltimore firm of Marshall, Carey, Doub and Mundy.

He is a member of the Baltimore, Maryland and American bar associations, and the American Judicature Society. He has served on a number of important bar committees of the state association, among them the committee that reviewed Maryland's corporation laws a few years ago.

He is a former president of the Maryland Children Aid Society, former president of the United Nations Society of Maryland and a director of the Title Guaranty and Trust Company Baltimore, as well as being connected with other corporations.

During World War II, he served in the Navy on the Carriers Enterprise, Intrepid and Hancock in the Pacific seeing action from the Gilbert Islands to Tokyo as air intelligence officer for the famed Air Group 6. He was a lieutenant commander when the war ended and he returned to his Baltimore practice.

In 1946 he was the Republican Party's candidate for attorney general of Maryland.

Keeping Up With Hollywood

by Louella Parsons

HOLLYWOOD, March 27 (INS)—Robert Taylor in London making "Quentin Durward," and Stewart Granger in Pakistan making "Bhowani Junction" will be teamed in a western, believe it or not, called "The Last Hunt," from a novel by Milton Lott.

This is a good old American story of the last buffalo hunt, and is filled with adventure, excitement and all the things that go into a western thriller.

When I was told about this film I said, "Oh, that's sometime in a couple of years." But that's not true. It will be made this year, with Richard Brooks as director and scripter. It was Brooks who did this dual job on "Bad Day at Black Rock," which is doing very pleasant business at the box office.

Nice to hear from Myrna Loy, who telephoned me from New York with some exciting news. She is making her TV debut on the General Electric show April 3 in the first of a series, "It Gives Me Great Pleasure," based on Emily Kimbrough's book.

Myrna said she is now dividing her time between New York and Washington. Her husband, Howard Sargeant, head of Radio Liberation, is now stationed in New York. "So I feel free to go on television," Myrna said.

Myrna says she has not retired from motion pictures, but so far she has not found a story that she likes.

After reporting for wardrobe fittings, discussing her role with Producer Buddy Adler, and going through all the motions, Gloria Graham suddenly informed 20th Century-Fox she could not play in "A Many Splendored Thing" with Jennifer Jones and William Holden.

The lady who benefits by Gloria's decision is Jorga Curtright, who created a stir in "Whistle Stop" some years ago. Recently, she has been on the road playing the sister in "Streetcar Named Desire."

It's not my policy to mention as messy and disgusting a story as the "elke trial in New York, but I feel very sorry for Mickey Rooney.

He's lost two jobs because his name was dragged into the case, even though the girl testified she just met him and had no association with him. Her testimony goes back seven years.

"I am happily married," Mickey told me, "and I have sons, and am defenseless against this attack."

Mickey, in the past few years, has been working hard and getting somewhere, and he's got a wife he adores.

Nancy Woodruff, pretty Miss Rheingold, flies to Paris and then Rome, where she'll meet Douglas Fairbanks Jr. She'll do a TV show with Doug and fly back in time to spend Easter Sunday in Hollywood. She's a very pretty girl and is extremely photogenic. This is her first trip to Europe and she's walking on air she's so excited.

Snapshots of Hollywood collect-ed at random:

Sophie Tucker is godmother to the new Jimmy Ritz baby, who's name is Alison Sophie Ritz.

Jimmy Stewart writes to say that when he saw me last week he had no idea that he was going to get the Lindbergh role. Well, Jimmy, you know it now, and you'll be only great!

Tamara Toumanova with Arthur Cameron was a guest at the birthday party Mrs. Cedric Gibbons gave for her talented husband.

Very nice that the L. K. Sidneys were among the guests and that he's getting well so fast. Lillian and George Sidney, the Louis B. Mayers and many other old friends helped Cedric, who is head set designer at MGM, celebrate.

Now that Bette Davis is here, how about her playing "Good Morning, Miss Dove"? Remember Bette in "The Corn Is Green," another schoolteacher role?

Joan Crawford had a birthday party first at the studio, and then a dinner given her by Bob Rains, Universal-International advertising man who is devoted to her.

That's all today. See you tomorrow.

Warning to career girls: Don't talk shop! The men in your life may not enjoy it.

Secrets Of Charm

by John Robert Powers

Well, maybe it is a failing we men have. We like to find a sympathetic feminine ear and go into all the details of our own struggles and triumphs in the business world. But we seldom like to listen to the same kind of talk from a woman. It seems to us a career girl is least attractive when she's talking shop.

Yes, we're facing the fact that women do many things at least as well as we can. And we're proud of women in our lives who make a success of it. But we just don't like to hear too much about it—at least when we're all set to talk about ourselves.

We men will admit—sometimes—that women do work harder to reach the same goals as men, and perhaps they must even be a little smarter. But too many career girls aren't smart in just the way they should be smartest. They talk too much, and none too gently about their careers. And they forget that what we like best about them is that they are women; and as women, are decorative, sweet and understanding companions who are at their best when they're becoming womanly.

Aggressiveness vs. Charm

The same quality that gets a woman ahead in business often puts her behind in charm. She fights for success and she grows aggressive. Her mistake is that she lets it show in the wrong places. Perhaps she must make it clear to everyone in the office what a power she is, but she shouldn't do it on a date, over a dinner table.

And it isn't merely what she says, or how she phrases what she says. It's even in her tone of voice. She speaks too positively. She doesn't bother to catch herself before commanding the waiter and no one who isn't for her chosen candidate can get a word in edgewise. She may even tell a man how to run his business. And all this is done in a firm, perhaps even too loud tone that left behind somewhere the naturally sweet feminine voice she was born with. What a pity, when a pleasing voice is certainly one of woman's greatest charms.

Keep Your Charm

Yes, I love career girls. Of course I do. It's understandable that I'm prejudiced in favor of the Powers Girls, who are certainly girls with busy, demanding careers. But they are Powers Girls because of their charm, and this means they cannot have acquired the career girl faults of which I speak.

I like other career girls, too, and

the most successful women I know in less glamorous businesses have great charm as women. It's perfectly possible to keep your charm no matter how great your business achievements, but it may be time right now to make sure that some of it isn't getting lost along the career trail.

FSTC Alumni Seeks \$2,300 For Organ Fund

Benefit Projects Being Announced

FROSTBURG — The Alumni Association of Frostburg State Teachers College still needs \$2300 for the purchase of the Hammond Electric Console Organ for Compton Hall, according to Miss Margaret Hamilton, faculty coordinator of the group. Approximately \$1700 has been raised since the project began in 1948.

The profits from both Little Theatre's "Jane Eyre" on March 31 and April 1, and those from the Maryland Singers' "Mikado," on April 26 and 27 will go towards this fund. Tickets are now being sold by the alumni and may also be obtained from the campus from Miss Marguerite McGuire, secretary to the president.

Special programs containing the names of the sponsors of these events are now being printed. There will be no reserved seats for these two events.

The committee on ticket sales include Datha Thomas and Marian Bevan, co-chairmen. The patron committee consists of Bernice Winner and Jean Lippold, co-chairmen, Lola Bennett Bell, Edith Rizer, Thomas Furlow, Esther Carter and Gladys Broadwater.

Those on the public relations committee are Betsy Ross Rankin, chairman, Grace Filer and Pearl Richardson.

Samuel Lisanti is chairman of the ticket and program printing committee. Other members are Betty Fluke, Marian Bevan and Margaret Dook.

The house committee is Pearl Richardson, chairman, Robert Jones, Jack Snyder, Lorenzo Chambers and John Metzger. The ticket sales committee is composed of Amy Meek, chairman, Dorothy Brown, Colleen Greger, Neva Geary Snelson, Roberta Elias, Mary Virginia Wiebrecht and Alma Logsdon.

Hardy County Principals Convene At Wardensville

Several Major Problems Aired

WARDENSVILLE — The principals of Hardy County met in a regularly scheduled meeting at Wardensville, Raymond Ratcliffe, president of the Association, presided. Among the items discussed were:

(a) County-wide contests in spelling, writing and arithmetic which will be held at Baker, April 23. Schools will award badges to county winners in each subject. A county winner will be chosen from each grade, 4 through 12.

(b) West Virginia Club Tests — to be given April 14 to grades 5-8. Golden Horseshoe tests to be given at Mathias, Warden'sville and Moorefield, April 22. The four highest in the county will receive a free trip to Charleston, May 13 and will become Knights or Ladies of the Golden Horseshoe. The State Superintendent of Free Schools, Dr. Trent, will confer these honors.

(c) Classifications of Schools — Schools listed for reclassification this year are: Dover, Durgon, Lost City, Pleasant Dale, Warden'sville and Mathias. Mathias and Warden'sville hope to obtain Model ratings this year.

(d) Salk Polio Vaccine — Plans for setting up the vaccinations of First and Second graders were made, with centers to be at Mathias, Moorefield and Warden'sville.

(e) Pre-School Registration — It was recommended that the larger schools set a day for registration of all beginning pupils for next year; also, an orientation program to be set up in the high schools for pupils who will enroll in high school next year as Seventh graders.

(f) Legislative Program — The legislative program was reviewed and a general feeling of disappointment was expressed in not receiving favorable school legislation. A resolution was unanimously passed urging that a special session of the legislature be held for the purpose of providing for the proposed legislation.

(g) Nominating Committee — A committee was appointed to nominate officers for the organization for 1955-56. Chairman is Robert E. Jarvis, assisted by Raymond Sindy and Ernest Strawderman.

The following principals were present: Victor Barr, Theodore Garrett, Loring Hines, Clifton Jenkins, Raymond Sindy, Clinton Garrett, Clyde Halterman, Raymond Hines, Nellie Leatherman, Ernest Strawderman, Grace Delawder, J. Allen Hawkins, Robert E. Jarvis, John A. Mathias.

Refreshments were served by host principals, Mr. Hawkins and Mr. Jenkins.

Singapore Joe Will Address College Students

Famed Traveller Lectures Mar. 30

KEYSER — "Singapore Joe" Fisher, a modern "Sinbad," will feature a convocation at Potomac State College in the auditorium, on Wednesday, at 11 a. m.

"Singapore Joe" is a traveller of world-wide import. He has been around the world 14 times and will discuss some of his experiences in his lecture, which will be illustrated and which he has titled, "Changing Orient." He will discuss crucial situations that are facing and will face western civilization in the Orient. He will also show a film featuring native dancers and musicians, holiday festivals, scenic wonders, flora and fauna, arts and crafts, temple rituals and modern life in Japan, Hong Kong, the Philippines, Bali, Borneo, Malaya, Siam and India.

He has had experiences with every type of individual from outstanding personalities to the common man in over a quarter of a century of travel, and from this he, through a rare insight, has been able to learn and speak now with authority.

"Singapore Joe" is a native of Cape Town, South Africa. At the age of 20, he started out to see and learn the world as it is, and he has never stopped travelling. His hobby is color photography and he has kept a pictorial diary which, after Pearl Harbor, he turned into a vocation of color film illustrated lectures, with which he has done on ten transcontinental tours to big audiences.

He has the experience of a safari life across the Kaahari Desert into the heart of China to the source of the Yangtze and journeys by ox-cart, camel, river steamer and Chinese junks and shipwrecks, off the Southern African coast and in the Yellow Seas. He pioneered motion picture distribution in India, Burma, Malaya, Indonesia and China.

Singapore Joe Will Address College Students

Famed Traveller Lectures Mar. 30

KEYSER — "Singapore Joe" Fisher, a modern "Sinbad," will feature a convocation at Potomac State College in the auditorium, on Wednesday, at 11 a. m.

"Singapore Joe" is a traveller of world-wide import. He has been around the world 14 times and will discuss some of his experiences in his lecture, which will be illustrated and which he has titled, "Changing Orient." He will discuss crucial situations that are facing and will face western civilization in the Orient. He will also show a film featuring native dancers and musicians, holiday festivals, scenic wonders, flora and fauna, arts and crafts, temple rituals and modern life in Japan, Hong Kong, the Philippines, Bali, Borneo, Malaya, Siam and India.

He has had experiences with every type of individual from outstanding personalities to the common man in over a quarter of a century of travel, and from this he, through a rare insight, has been able to learn and speak now with authority.

"Singapore Joe" is a native of Cape Town, South Africa. At the age of 20, he started out to see and learn the world as it is, and he has never stopped travelling. His hobby is color photography and he has kept a pictorial diary which, after Pearl Harbor, he turned into a vocation of color film illustrated lectures, with which he has done on ten transcontinental tours to big audiences.

He has the experience of a safari life across the Kaahari Desert into the heart of China to the source of the Yangtze and journeys by ox-cart, camel, river steamer and Chinese junks and shipwrecks, off the Southern African coast and in the Yellow Seas. He pioneered motion picture distribution in India, Burma, Malaya, Indonesia and China.

Atom Test Fall-Out • Danger Is Slight

If exhaustive tests carried out by the Atomic Energy Commission and the United States Weather Bureau can be accepted—and are there better authorities in their fields?—the populace should be reassured by their findings which lead to the conclusion that there isn't a word of truth in all these "scare stories" about this country's atomic tests.

This is the opinion of the U. S. News & World Report which, in a copyrighted article, reveals results of findings by these two agencies. While fall-out from big bombs in war-time admittedly might lead to highly dangerous radioactive conditions in the earth's atmosphere, the test explosions so far in this country were found to have given no evidence of being hazardous to people now, to future generations, to food crops, or even to the weather.

These findings should be considered together with warnings which have been sounded by leading scientists including Dr. Linus Pauling, the American who received the 1954 Nobel prize in chemistry, and Prof. Frederick Soddy, British winner of the same award in 1921. Both men have warned that the radioactive fall-out may lead to serious hereditary mutations.

The AEC found that when a radioactive cloud crossed the U. S. after the recent "big shot" test explosion its effect upon anyone in the country was equal only to that of a luminous-dial watch. Such tests are being limited so that the total fall-out in any one place for a year will not be more than a fourth of "normal" allowance.

As for danger to future generations, millions of dollars spent in tracing the effects of radioactivity upon children of survivors of atomic blasts at Hiroshima and Nagasaki disclosed no measurable increase in mutations among the 50,000 children tested. Scientists also have exploded fears that harmful effects might result from eating vegetation or the flesh of animals exposed to large doses of gamma radiation.

These Days

Lending Money

The Government of the United States sure has gone on for lending money, according to the Hoover Commission. It controls 104 agencies, employing 40,000 persons and the total loans, guarantees, and insurance and contingent liabilities amount to \$244,000,000,000 as of June 30, 1954. That amount is an indebtedness of the Government of the United States until it is paid off. The national debt is presently \$277,807,554,048. By any system of book-keeping the current responsibility of our government is \$521,807,554,048. This does not include obligations under Social Security.

The outstanding agency loans, insurance, guarantees and commitments are mainly as follows:

1. Aids to housing	\$55,786,358,000
2. Aids to agriculture	8,643,092,000
3. Aids to business	2,875,710,000
4. Aids to foreign governments	26,360,443,000
5. Veterans life insurance	44,097,912,000
6. Insurance of bank deposits	106,509,000,000
Total	244,272,515,000

Regarding Social Security (old age and survivors insurance), the Hoover Commission says:

"... This program is financed through payroll taxes imposed on both employers and employees. The receipts from these taxes are paid into a trust fund which constitutes a liability of the federal government of about \$21 billion on June 30, 1954. It is estimated that this fund will reach a maximum of about \$65 billion in the year 2000 and will decline thereafter reaching \$52 billion by 2020. Proceeds from the payroll taxes and interest on the trust fund will not cover all costs of annuities of OASI accrued to date. Estimates made by the Department of Health, Education, and Welfare place the unfunded liability of the federal government to persons now under the old age and survivors insurance program at about \$228 billion and for all retirement programs at about \$265 billion."

The Hoover Commission analyzes the weaknesses of lending and guaranteeing agencies as follows:

"1. The tendency of such agencies to expand their functions beyond their original purposes.

"2. When the function for which such agencies were established has been completed, there is an inner impulse to continue when they should be liquidated.

"3. There is a tendency to create activities which could be undertaken by private agencies.

"4. In some of these agencies there are concealed subsidies.

"5. Congressional policies which permit the making of loans or guarantees by such agencies to individuals or concerns without adequate equities.

"6. The making of loans or guarantees without adequate premiums or fees or interest rates from beneficiaries out of which administrative expenses can be paid and reserves against losses built up.

"7. Departmental lending or guaranteeing programs have a fatal attraction politically. Pressure groups, whether business, farmers, or veterans, often force the abandonment of the normal standards of prudence in the organization of these agencies which alone can assure the repayments of credits granted. Thus some of these operations practically become subsidies to a small fraction of the people from the taxpayer at large.

"8. Where easy money is obtainable from the government, financial integrity tends to deteriorate and windfalls and corruption frequently flourish."

Representative Chet Holifield criticized the Hoover Commission, of which he is a member, for its report. He started his statement:

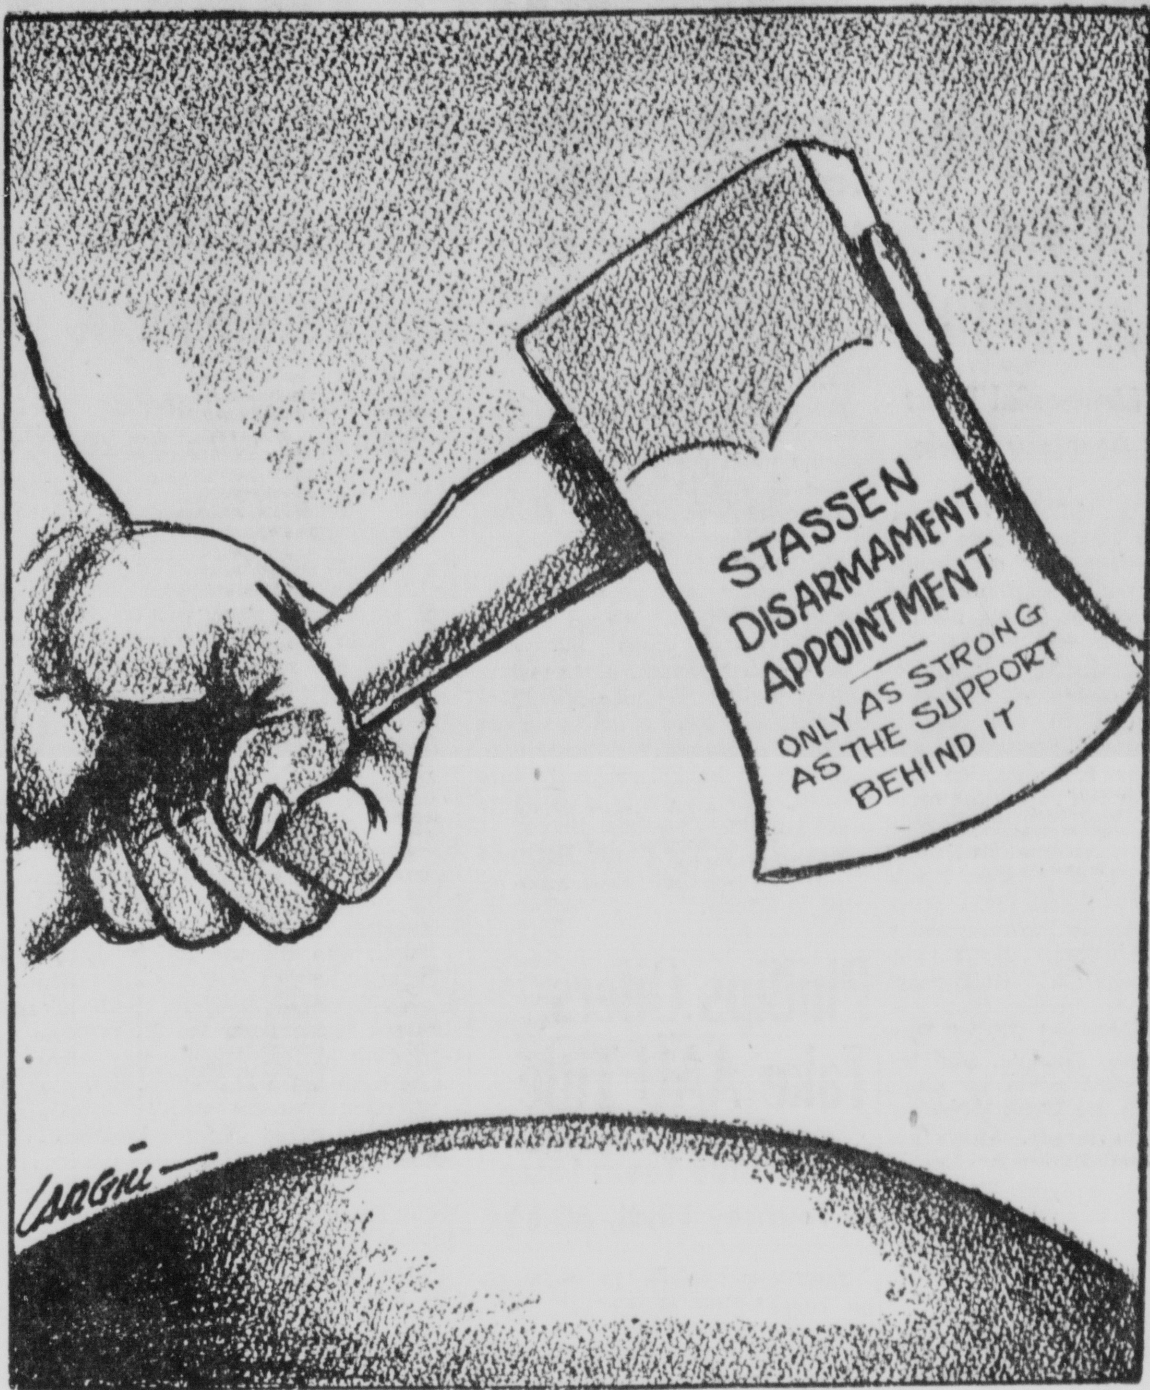

"The commission report is so faulty in concept and method that I must object to it even though a few recommendations, standing alone, may have merit.

"By and large the recommendations in the report, if fully carried out, would make it harder for American citizens to buy homes or to get loans for their farms or businesses."

Obviously this cannot be true. The argument is nearly always made against each of the Hoover Commission's reports that they would reorganize the government by undoing some of the good work of the New Deal, particularly as regards the expansion of governmental agencies beyond the intent of Congress. This report needs to be read in detail to grasp that these agencies possess the power to socialize the United States.

Peress Hearings Suggest U. S. Has Regained Sanity

By Stewart Alsop

WASHINGTON
There was something strangely ghostly about the recent hearings, before what used to be the McCarthy Committee, on that earth-shaking question: "Who promoted Peress?"

A visitor to the hearing suddenly found himself transported back in time to a year ago, to the endless, rambling, often boring but sometimes strangely fascinating Army-McCarthy hearings. The cast of characters was very much the same.

There was Sen. McClellan, and the handsome Stuart Symington, looking bored; and Mundt, looking as much as ever like a melting mushroom; and Irwin, of South Carolina, every inch the judge. And of course there was McCarthy himself, mangier and fatter than last year, and somehow at the same time visibly deflated. And there were the familiar witnesses—Gen. Zwicker, and Army Counsel John Adams, and Army Secretary Stevens.

There were moments of rather nostalgic drama, especially when McCarthy asked one of his brilliantly loaded questions, in his ponderous, threatening, oddly halting voice. But somehow the show never really got off the ground. There was even a sort of sadness about it, as there is about most dramatic failures—perhaps especially because this was so surprisingly pale an imitation of what has gone before, and everybody is a year older so surprisingly quickly.

Adams Swan Song

And yet there were certain lessons to be learned from these hearings. Take the case of Army Counsel John Adams. A year ago, the Adams face—at least the upper part of it, as it appeared in the famous picture of him leaning his nose on a chair—was one of the most famous in the country. Yet at the Peress hearings Adams looking even more ghostly than the rest of the cast—almost disembodied. And with good reason.

That's the problem among the snugly scattered Republicans of official Washington. They want to stay official.

Will Ike prefer a fourth day at Gettysburg to four years in Washington?

Will he select Pennsylvania over Pennsylvania Avenue? Does he prefer a homburg stand to a homburg?

Ike must be fatigued after being

The Peress hearings is the Adams swan song. As of April 1, he will no longer be counsel of the Army. It is not certain whether he resigned or was fired—at any rate, it was made clear to him that he was "too controversial," and that his departure would be welcomed.

Adams will merit a footnote in history. The detailed record which he kept of the pressures brought to bear on the Army by McCarthy, Cohn & Company, started McCarthy down the long road he has traveled since. But for present and practical purposes, Adams is "a poor player, who struts and frets his hour upon the stage, and then is heard no more." The poor player is worried. He has been in

military or government service since 1942, and in the circumstances it is not easy to find a job. There is no job on the horizon. Adams is intelligent, and no doubt he will land on his feet. Yet his fate should serve as a warning to all government servants under no circumstances to show any imagination or initiative, lest they be labelled "controversial."

Insurance Against "Whitewash"

What was most interesting about the Peress hearings, however, was that they were so boring. The caucus room of the Senate Office Building, full to bursting a year ago, was two-thirds empty, and the press tables had yawning gaps.

Baering Down on the News

By Arthur "Bugs" Baer

If curiosity killed the cat information brought it to life again.

That's why the GOP is staking nine feline careers on Ike's 1956 specialties and planifications.

Will he place his victorious coat-tails back in the passenger trade? Or will he retire to the fertile window-boxes of Pennsylvania?

That's the problem among the snugly scattered Republicans of official Washington. They want to stay official.

Will Ike prefer a fourth day at Gettysburg to four years in Washington?

Will he select Pennsylvania over Pennsylvania Avenue? Does he prefer a homburg stand to a homburg?

Ike must be fatigued after being

on the go all his life like a rented piano.

He has served his nation from plebe to seven-star beach-header. The GOP slogan was "We like Ike." But they get sore when Ike likes Ike.

If Ike wants to retire like Cincinnatus we'll speak to Birdie Tebbets. Old Birdie could put a plow in the field.

Ike, there's nothing like farm-life if you got a reliable rocker on the porch. The writer has a little place he can call his own after the first and second mortgages.

Sixty-odd is a long time even when you're winning. In billiards and politics it's the winner who first runs out of buttons.

If Ike wants to retire, let him go, lubbers, let him go.

Senator George, Churchill Constitute Leverage On Ike For Big 4 Confab

By Drew Pearson

WASHINGTON — The backstage story of how the White House at first disagreed, later agreed, with Senator George of Georgia over a Big 4 conference is indicative of the jumbled way in which important steps toward world peace sometimes are taken.

It was no accident that Senator George made his statement urging a Big 4 conference. He has been thinking about this for some time. The senator lost a boy in the last war, and has been telling friends privately that there's no alternative to war save diplomacy. To that end he got an assurance from John Foster Dulles that after the defense pact with Chiang Kai-shek was ratified, Dulles would work for a cease-fire in the Formosa strait.

Accordingly, the secretary of state took off for the Far East talking about peace and promising a cease-fire. He came back warning of war and recommending the defense of Quemoy and Matsu.

As a result, the venerable senator from Georgia has been disturbed. He doesn't like the direction in which U. S. foreign policy is turning.

So, privately, Senator George sounded out Secretary Dulles about a Big 4 conference and got some encouragement. Dulles didn't say yes and didn't say no. His friends said later that what he really had in mind was a foreign ministers meeting, not an actual Big 4 conference including Premier Bulganin.

A Bomb Worry

George also had a private talk with Secretary of the Treasury Humphrey, only top cabinet adviser who is still opposed to a

military showdown in the Far East. Other cabinet advisers dealing with foreign affairs have now lined up with Dulles in favor of a stiff Far Eastern policy, even preventive war.

They are definitely prepared to use tactical atomic bombs against military targets on the Chinese mainland — a step which many believe would line all Asia solidly against us. Congress has now given the President authority to take this drastic step, and Senator George was the man who insisted that the resolution of authority be passed in record time. Now that the authority has been given, however, George is not happy about gathering signs that the atom bomb may be used.

Secretary of the Treasury Humphrey not only agreed with Senator George, but encouraged him to discuss his worries with others.

George also discussed the matter briefly with Eisenhower in the course of registering a complaint about publication of the Yalta papers. The senator felt that publication might make it difficult to hold more international conferences, and he pointed out that such conferences are absolutely necessary if the world is going to make any progress toward peace. A Big 4 conference might be held now, he said. Eisenhower agreed—as he usually does when he talks to Senator George.

Worry Over George

When, therefore, George finally made his statement about a Big 4 conference, it was something of a surprise to have Senator Knowland issue a statement from inside the White House throwing the full weight of the Eisenhower administration against the George suggestion.

Knowland had just come from a conference with the President during which he, Knowland, did most of the talking and Eisenhower did most of the listening—as usual. As usual, also, the President expressed agreement with Knowland.

It was after this, and with the President's blessing, that Knowland, standing beside Press Secretary Hagerty, issued his blast against the Big 4 parley.

A few minutes later White House advisers began to wake up. Not only had the President sanctioned a slap-down of the powerful senior senator from Georgia, but he also

permitted the slap-down when Senator George held the fate of the Democratic tax bill in his hand.

For Senator George is a member of the Tax Conference Committee between the House and Senate where his vote could swing a victory for Speaker Rayburn's \$20 tax cut. As a result, the White House had to get Ike's friend, Bob Woodruff, head of Coca-Cola, also a close friend of George's, to bring the senator around to the Republican side in the current tax controversy.

So, faced with worry over the \$20 tax cut and the fact that the administration was indebted to Senator George for passing the Formosan resolution, the President partially reversed himself.

Closer To George

At his press conference next day, looking straight in the television cameras, he said:

"I have said time and again there is no place on this earth to which I would not travel, there is no chore I would not undertake, if I had the faintest hope that by so doing I would promote the general cause of world peace."

And he went on to line himself up closer to the Democratic leader on foreign affairs, Senator George, than with his own Republican leader, Senator Knowland.

Whether or not Ike ever attends a Big 4 conference remains to be seen.

Meanwhile, he is under continuing heavy pressure from another front—Winston Churchill.

Long before last week's statement-barrage, Winston Churchill had been needing Ike—as only the aged prime minister of England can need—to hold a Big 4 conference. Churchill sent word that the Russians were anxious for such a meeting, that it would be a crime to avoid a meeting with Bulganin just because he was a stooge for the Communist party.

Bulganin, Churchill told Ike, is far from a figurehead. He's also realistic enough to be frightened by the possibility of atomic-hydrogen war.

In the twilight of his years, therefore, Churchill told the President he should be permitted one final opportunity to establish enduring peace.

The prime minister's messages may not have counted as heavily as the political prestige of Senator George; but added together, they constitute a real leverage on the President for a Big 4 meeting.

The Bull Markets

By Roger W. Babson

BABSON PARK, Mass.—While following the Fulbright Committee I wonder why it confines its investigations to the stock market.

Housing Speculation Dangerous

The real bull market of the past two years has been in housing. In 1929 the public could buy stocks on a 10 per cent margin; but to buy a house required a 30 per cent margin. Now the reverse is true. The public must put up a 60 per cent margin to buy stocks; but can buy a house on a 5 per cent margin, or less.

Furthermore, while the government is discouraging investment in American industries, it is offering all kinds of inducements to get people to borrow in order to buy houses. The program does not make sense. It smells badly of cheap politics. As a result, the next financial panic will be a housing collapse — not a stock market collapse. With it there will be uncovered scandals, corruption, and untold losses; while Wall Street will come through with a clean slate.

100 Per Cent Margins Crazy

I feel that the suggestion of Prof. John Kenneth Galbraith of Harvard College for 100 per cent margins indicates ignorance of business customs and ethics. Today probably 85 per cent of all those employed in industry are working for companies whose securities must be sold through the New York Stock Exchange. This means that, to issue new stock to carry out extension or improvement programs, purchasers of these stocks must be able to borrow thereon both from Stock Exchange firms and from banks.

Requiring a 100 per cent margin in case of war, when materials and manpower must be saved, is a wise procedure. To do so in times of peace, and when the country is facing unemployment, is foolhardy. Unless we are to get into a critical shooting war with China, there is no need for 100 per cent margins. We already have top-heavy stockpiles of both materials and foods. Therefore, I suggest that people again be encouraged to "Buy American Industry" in order to help employment and hold up prosperity.

Looking Into The Future

Let us assume there is enough

"steam in the boiler" to extend prosperity throughout 1956 and safely re-elect Eisenhower if he chooses to run again. But do not forget that there will be a day of reckoning sometime. Notwithstanding the administration's success in "nipping in the bud" the 1954 decline, it is very skeptical of any large-scale attempts to hold employment and prices artificially. Certainly Roosevelt tried everything from "revaluing the dollar" to "raking leaves," and none of those medicines worked.

Only World War II turned the scales and brought back full employment with price recoveries. Perhaps even World War III would not accomplish this again, with fixed prices, heavy taxes on profits, and other controls. Perhaps the Russians would rather avoid war and throw us into a depression. No one now knows. It is, however, certain that some day if we all "go through the wringer," there could be a bad mess for a while. I hope the Fulbright Committee will discuss some constructive phase of the business and employment outlook in its final report. Both Senator Fulbright and his much-advertised investigation will soon be forgotten, as far as the stock market is concerned.

Smells Of Politics

The entire investigation has smelled of politics from the first. Both parties are surprised at the action of the stock market. The Republicans are blaming it all on the Democrats, claiming that it shows what would happen to business if the Democrats were in control.

The Democrats claim that the Republicans have been pushing the market down in order to bring an end to the investigation. I understand that other prominent Democrats blame the market slump on Dulles' speech, which suggested an ultimatum to China. This does not seem reasonable to me in view of the action of the airplane stocks and the rails, which should prosper from further China troubles. My advice to readers is: (1) Don't sell in a panicky market; (2) don't buy more now, at present high prices; (3) work harder at your own regular business and trust President Eisenhower to run the United States.

You're Telling Me!

By William Ritt

The old custom of fighting duels may be revived, a writer predicts. Let's hope he's wrong. Painted words and cutting remarks make deep enough wounds.

A 200-pound person would weigh only 76 pounds on Mars, astronomers tell us. Maybe so, but isn't space travel a sort of risky way to take off weight?

Bandits grabbed a bundle of fish thinking it was a payroll package from an Avon, Mass., man. At that, it was full of fins but not the negotiable kind.

Shots Of Vitamin B12 Help Pernicious Anemia Victim

By Dr. Theodore R. Van Dellen

Pernicious anemia was fatal before the beneficial effects of liver were discovered. Eating liver by the pound was not always pleasant but was a small penalty to pay for remaining alive. Nowadays, a minimal injection of concentrated liver extract or vitamin B12, administered every two or four weeks, keep the sufferer in good health.

The need for continuous treatment is not appreciated unless the natural course of the disease is known. Pernicious anemia is controllable but not curable. When neglected, the ailment will proceed

to a fatal termination unless the "shots" are renewed.

But this is only part of the story. Pernicious anemia affects not only the blood but the gastrointestinal tract and spinal cord as well. Treatment, therefore, must not only help the blood count but eliminate symptoms produced by the other structures involved. Any result short of this is disastrous, especially when paralysis, comes on even though the blood count improves.

Atom Test Fall-Out ● Danger Is Slight

If exhaustive tests carried out by the Atomic Energy Commission and the United States Weather Bureau can be accepted—and are there better authorities in their fields?—the populace should be reassured by their findings which lead to the conclusion that there isn't a word of truth in all these "scare stories" about this country's atomic tests.

This is the opinion of the U. S. News & World Report which, in a copyrighted article, reveals results of findings by these two agencies. While fall-out from big bombs in war-time admittedly might lead to highly dangerous radioactive conditions in the earth's atmosphere, the test explosions so far in this country were found to have given no evidence of being hazardous to people now, to future generations, to food crops, or even to the weather.

These findings should be considered together with warnings which have been sounded by leading scientists including Dr. Linus Pauling, the American who received the 1954 Nobel prize in chemistry, and Prof. Frederick Soddy, British winner of the same award in 1921. Both men have warned that the radioactive fall-out may lead to serious hereditary mutations.

The AEC found that when a radioactive cloud crossed the U. S. after the recent "big shot" test explosion its effect upon anyone in the country was equal only to that of a luminous-dial watch. Such tests are being limited so that the total fall-out in any one place for a year will not be more than a fourth of "normal" allowance.

As for danger to future generations, millions of dollars spent in tracing the effects of radioactivity upon children of survivors of atomic blasts at Hiroshima and Nagasaki disclosed no measurable increase in mutations among the 50,000 children tested. Scientists also have exploded fears that harmful effects might result from eating vegetation or the flesh of animals exposed to large doses of gamma radiation.

These Days

By George E. Sokolsky

Lending Money

The Government of the United States sure has gone on for lending money, according to the Hoover Commission. It controls 104 agencies, employing 40,000 persons and the total loans, guarantees, and insurance and contingent liabilities amount to \$244,000,000,000 as of June 30, 1954. That amount is an indebtedness of the Government of the United States until it is paid off. The national debt is presently \$277,807,554,048. By any system of book-keeping the current responsibility of our government is \$521,807,554,048. This does not include obligations under Social Security.

The outstanding agency loans, insurance, guarantees and commitments are mainly as follows:

1. Aids to housing	\$55,786,358,000
2. Aids to agriculture	8,643,092,000
3. Aids to business	2,875,710,000
4. Aids to foreign governments	26,360,443,000
5. Veterans life insurance	44,097,912,000
6. Insurance of bank deposits	106,599,000,000
Total	244,272,515,000

Regarding Social Security (old age and survivors insurance), the Hoover Commission says:

"... This program is financed through payroll taxes imposed on both employers and employees. The receipts from these taxes are paid into a trust fund which constitutes a liability of the federal government of about \$21 billion on June 30, 1954. It is estimated that this fund will reach a maximum of about \$65 billion in the year 2000 and will decline thereafter reaching \$52 billion by 2020. Proceeds from the payroll taxes and interest on the trust fund will not cover all costs of annuities of OASI accrued to date. Estimates made by the Department of Health, Education, and Welfare place the unfunded liability of the federal government to persons now under the old age and survivors insurance program at about \$228 billion and for all retirement programs at about \$265 billion."

The Hoover Commission analyzes the weaknesses of lending and guaranteeing agencies as follows:

"1. The tendency of such agencies to expand their functions beyond their original purposes.

"2. When the function for which such agencies were established has been completed, there is an inner impulse to continue when they should be liquidated.

"3. There is a tendency to create activities which could be undertaken by private agencies.

"4. In some of these agencies there are concealed subsidies.

"5. Congressional policies which permit the making of loans or guarantees by such agencies to individuals or concerns without adequate equities.

"6. The making of loans or guarantees without adequate premiums or fees or interest rates from beneficiaries out of which administrative expenses can be paid and reserves against losses built up.

"7. Departmental lending or guaranteeing programs have a fatal attraction politically. Pressure groups, whether business, farmers, or veterans, often force the abandonment of the normal standards of prudence in the organization of these agencies which alone can assure the repayments of credits granted. Thus some of these operations practically become subsidies to a small fraction of the people from the taxpayer at large.

"8. Where easy money is obtainable from the government, financial integrity tends to deteriorate and windfalls and corruption frequently flourish."

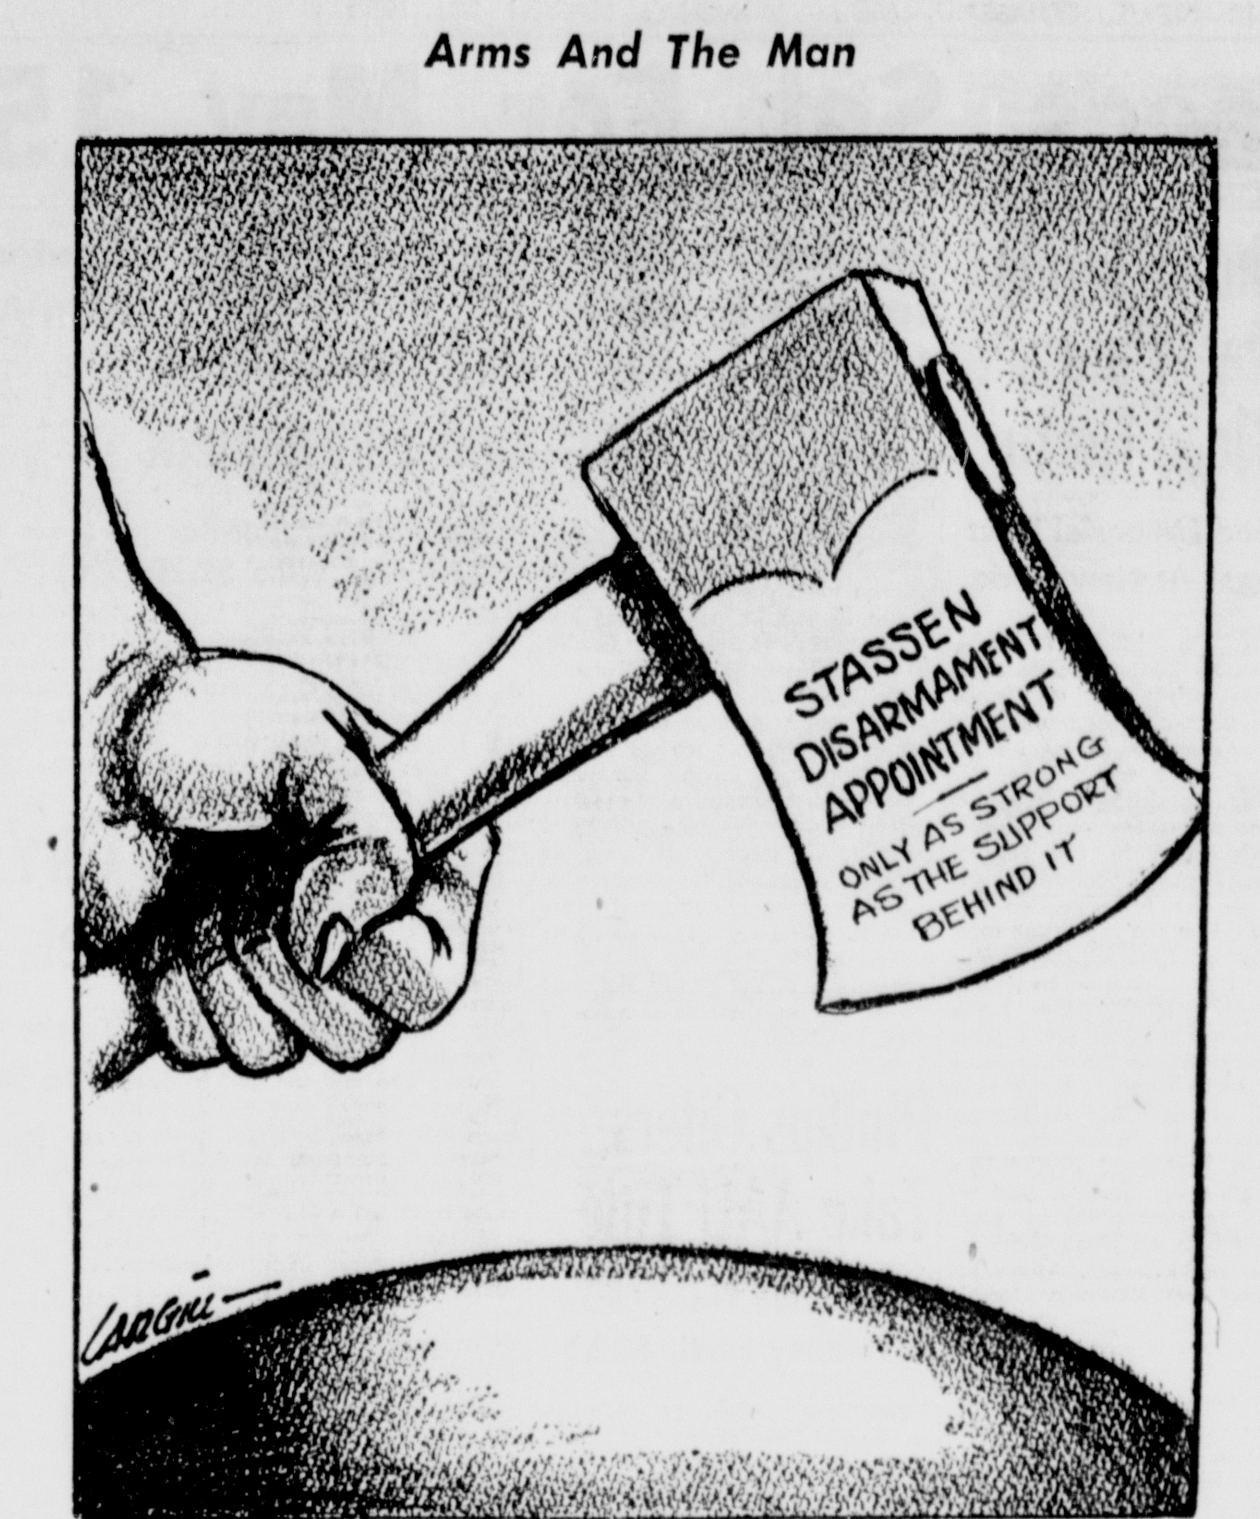

Representative Chet Holifield criticized the Hoover Commission, of which he is a member, for its report. He stated his statement:

"The commission report is so faulty in concept and method that I must object to it even though a few recommendations, standing alone, may have merit.

"By and large the recommendations in the report, if fully carried out, would make it harder for American citizens to buy homes or to get loans for their farms or businesses."

Obviously this cannot be true. The argument is nearly always made against each of the Hoover Commission's reports that they would reorganize the government by undoing some of the good work of the New Deal, particularly as regards the expansion of governmental agencies beyond the intent of Congress. This report needs to be read in detail to grasp that these agencies possess the power to socialize the United States.

Peress Hearings Suggest U. S. Has Regained Sanity

WASHINGTON

There was something strangely ghostly about the recent hearings, before what used to be the McCarthy Committee, on that earth-shaking question: "Who promoted Peress?"

A visitor to the hearing suddenly found himself transported back in time to a year ago, to the endless, rambling, often boring but sometimes strangely fascinating Army-McCarthy hearings. The cast of characters was very much the same.

There was Sen. McClellan, and the handsome Stuart Symington, looking bored; and Mundt, looking as much as ever like a melting mushroom; and Irwin, of South Carolina, every inch the judge. And of course there was McCarthy himself, mangier and fatter than last year, and somehow at the same time visibly deflated.

And there were the familiar witnesses—Gen. Zwicker, and Army Counsel John Adams, and Army Secretary Stevens.

There were moments of rather nostalgic drama, especially when McCarthy asked one of his brilliantly loaded questions, in his ponderous, threatening, oddly halting voice. But somehow the show never really got off the ground. There was even a sort of sadness about it, as there is about most dramatic failures—perhaps especially because this was so surprisingly pale an imitation of what has gone before, and everybody is a year older so surprisingly quickly.

Adams Swan Song

And yet there were certain lessons to be learned from these hearings. Take the case of Army Counsel John Adams. A year ago, the Adams face—at least the upper part of it, as it appeared in the famous picture of him leaning his nose on a chair—was one of the most famous in the country. Yet at the Peress hearings Adams looking even more ghostly than the rest of the cast—almost disembodied. And with good reason.

Baering Down on The News

By Arthur "Bugs" Baer

If curiosity killed the cat information brought it to life again.

That's why the GOP is staking nine feline careers on Ike's 1956 specialties and planifications.

Will he place his victorious cost-tails back in the passenger trade? Or will he retire to the fertile window-boxes of Pennsylvania?

That's the problem among the snugly scattered Republicans of official Washington. They want to stay official.

Will Ike prefer a fourth day at Gettysburg to four years in Washington?

Will he select Pennsylvania over Pennsylvania Avenue? Does he prefer a homburg stand to a homburg?

Ike must be fatigued after being

on the go all his life like a rented piano.

He has served his nation from plebe to seven-star beach-head. The GOP slogan was "We like Ike." But they get sore when Ike likes Ike.

If Ike wants to retire like Cincinnati we'll speak to Birdie Tebbets. Old Birdie could put a plow in leftfield.

Ike, there's nothing like farm-life if you got a reliable rocker on the porch. The writer has a little place he can call his own after the first and second mortgages.

Sixty-odd is a long time even when you're winning. In billiards and politics it's the winner who first runs out of buttons.

If Ike wants to retire, let him go, lubbers, let him go.

Shots Of Vitamin B12 Help Pernicious Anemia Victim

As degeneration continues and more and more nerves are involved, the victim gradually loses the function of the feet, legs, and hands. At first there is loss of the finer movements of coordination. Later, weakness, paralysis, and complete disability occur.

Liver extract or vitamin B12 leads to rapid improvement. The change is so startling, everyone is lively to comment on how well Mr. Jones now looks. But treatment is not always as simple as it sounds because the dosage needed to control the disease varies with the individual.

The secret is to give just enough of the medication to maintain the blood count at normal levels and, at the same time, to prevent adverse changes in the gastrointestinal tract and spinal cord.

Vitamin B12 is most effective when injected hypodermically. If taken in tablet or capsule form it must be combined with special stomach extracts to produce the blood forming elements that are lacking in pernicious anemia.

On the other hand, it is easier and cheaper to take B12 hypodermically rather than fuss with tab-

Senator George, Churchill Constitute Leverage On Ike For Big 4 Confab

WASHINGTON — The backstage story of how the White House at first disagreed, later agreed, with Senator George of Georgia over a Big 4 conference is indicative of the jumbled way in which important steps toward world peace sometimes are taken.

It was no accident that Senator George made his statement urging a Big 4 conference. He has been thinking about this for some time. The senator lost a boy in the last war, and has been telling friends privately that there's no alternative to war save diplomacy. To that end he got an assurance from John Foster Dulles that after the defense pact with Chiang Kai-shek was ratified, Dulles would work for a cease-fire in the Formosa strait.

Accordingly, the secretary of state took off for the Far East talking about peace and promising a cease-fire. He came back warning of war and recommending the defense of Quemoy and Matsu.

As a result, the venerable senator from Georgia has been disturbed. He doesn't like the direction in which U. S. foreign policy is turning.

So, privately, Senator George sounded out Secretary Dulles about a Big 4 conference and got some encouragement. Dulles didn't say yes and didn't say no. His friends said later that what he really had in mind was a foreign ministers meeting, not an actual Big 4 conference including Premier Bulganin.

A-Bomb Worry

George also had a private talk with Secretary of the Treasury Humphrey, only top cabinet adviser who is still opposed to a military showdown in the Far East. Other cabinet advisers dealing with foreign affairs have now lined up with Dulles in favor of a stiff Far Eastern policy, even preventive war.

They are definitely prepared to use tactical atomic bombs against military targets on the Chinese mainland—a step which many believe would line all Asia solidly against us. Congress has now given the President authority to take this drastic step, and Senator George was the man who insisted that the resolution of authority be passed in record time. Now that the authority has been given, however, George is not happy about gathering signs that the atom bomb may be used.

Secretary of the Treasury Humphrey not only agreed with Senator George, but encouraged him to discuss his worries with others.

The Bull Markets

By Roger W. Babson

BABSON PARK, Mass.—While following the Fulbright Committee I wonder why it confines its investigations to the stock market.

I feel that the suggestion of Prof. John Kenneth Galbraith of Harvard College for 100 per cent margins indicates ignorance of business customs and ethics. Today probably 85 per cent of all those employed in industry are working for companies whose securities must be sold through the New York Stock Exchange. This means that, to issue new stock to carry out extension or improvement programs, purchasers of these stocks must be able to borrow thereon both from Stock Exchange firms and from banks.

Requiring a 100 per cent margin in case of war, when materials and manpower must be saved, is a wise procedure. To do so in times of peace, and when the country is facing unemployment, is foolhardy. Unless we are to get into a critical shooting war with China, there is no need for 100 per cent margins. We already have top-heavy stockpiles of both materials and foods. Therefore, I suggest that people again be encouraged to "Buy American Industry" in order to help employment and hold up prosperity.

Let us assume there is enough

"steam in the boiler" to extend prosperity throughout 1956 and safely re-elect Eisenhower if he chooses to run again. But do not forget that there will be a day of reckoning sometime. Notwithstanding the administration's success in "nipping in the bud" the 1954 decline, it is very skeptical of any large-scale attempts to hold employment and prices artificially. Certainly Roosevelt tried everything from "revaluing the dollar" to "taking leaves," and none of those medicines worked.

Only World War II turned the scales and brought back full employment with price recoveries. Perhaps even World War III would not accomplish this again, with fixed prices, heavy taxes on profits, and other controls. Perhaps the Russians would rather avoid war and throw us into a depression. No one now knows. It is, however, certain that some day if we all "go through the wringer," there could be a bad mess for a while. I hope the Fulbright Committee will discuss some constructive phase of the business and employment outlook in its final report. Both Senator Fulbright and his much-advised investigation will soon be forgotten, as far as the stock market is concerned.

Smells Of Politics

The entire investigation has smelled of politics from the first. Both parties are surprised at the action of the stock market. The Republicans are blaming it all on the Democrats, claiming that it shows what would happen to business if the Democrats were in control.

The Democrats claim that the Republicans have been pushing the market down in order to bring an end to the investigation. I understand that other prominent Democrats blame the market slump on Dulles' speech, which suggested an ultimatum to China. This does not seem reasonable to me in view of the action of the airplane stocks and the rails, which should prosper from further China troubles. My advice to readers is: (1) Don't sell in a panicky market; (2) don't buy more now, at present high prices; (3) work harder at your own regular business and trust President Eisenhower to run the United States.

National Sports Car Races Set For May 15 At Airport

Briggs Cunningham To Send Three Cars Here For Event

Local Lions Club, Pittsburgh Group Sponsors 3rd Year

Announcement was made yesterday by the Cumberland Lions Club that it will co-sponsor sports car races for the third successive year on Sunday, May 15, at the Cumberland Municipal Airport.

Teams have been organized by the club for the solicitation of advertising for the racing program. For Sight Conservation

As in past years, the profits of the May 15 races will go toward a sight conservation program for underprivileged children.

This year's program has earned recognition as a national event and all points earned will be counted in the Sports Car Club of America championship standings. National headquarters are located in Westport, Conn. In 1953 and 1954 the sports car races here were designated as a regional event.

The airport forms a perfect amphitheater where the spectators can witness all the action from the top of a high bank. There is ample parking facilities for thousands of cars.

Co-sponsor of the races will be the Steel Cities Region (Pittsburgh) of the Sports Car Club of America. It is planned to stage six races over the airport's 1.6 mile course. They'll range from 20 miles for the smaller displacement cars to eighty miles for the larger cars. The program is slated to get under way at 9 a. m.

Cunningham Sending Three
Last year's sports car races at the airport attracted an estimated 10,000 spectators and this figure is expected to be exceeded for the May 15 event because of the fact that among the large entry list will be three cars owned by Briggs Cunningham, the millionaire sportsman, whose black British D type Jaguar was the winner of the 12-hour International Grand Prix Sports Car Race March 13 at Sebring, Fla. Mike Hawthorne of England and Phil Walters of West Palm Beach, Fla., were the drivers of the Jaguar which covered the more than 956 miles—83 laps—with an average speed of 79.3 miles per hour.

Cunningham is planning to send two Maseratis and either an OSCA or a Porsche Spyder to the local races. The demand for reservations at local hotels and motels for the second weekend in May is reported to be so great that it will be necessary to house many visitors at private homes.

Sunday School Loop Playoff Semi-Finals Scheduled Thursday

Calvary Methodist will play Grace Methodist at 6:15 and Emmanuel Methodist opposes St. Luke's Lutheran at 7:15 in the playoff semi-finals of the Sunday School Basketball League Thursday on the Central YMCA court.

The four teams qualified for semi-finals by winning on Saturday. Calvary Methodist eliminated Melvin Methodist, 73-52. Emmanuel Methodist downed Central Street Methodist, 64-50. Grace Methodist eked out a 44-43 decision over Grace Baptist and St. Luke's, playing its second game in as many days, ushered out Kingsley Methodist, 52-42. St. Luke's got into the playoffs by defeating Park Place Methodist in a battle for eighth place on Friday.

The championship game will be played Tuesday, April 5 at 8 p. m.

Andrews AFB Choice To Win Cage Title

ORLANDO, Fla., March 27 (INS)—The Andrews Air Force Base Rockets, armed with three former All Americans, are an odds-on favorite to retain their title when the world wide air force basketball tournament gets underway tomorrow in Orlando.

Competing in the double-elimination event will be 11 teams representing air force divisions from throughout the world.

Andrews AFB, located just outside Washington, D. C., will have the services of former All American Cliff Hagan of Kentucky, Dick Kotsman of Kansas State, and Lou Tsioropoulos, also of Kentucky. The Rockets were the 1953-54 air force champions and winners of the inter-service title.

Old G Cubs To Meet

A meeting of the Old German Cubs, formerly the Potomac Valley Cubs of the County Softball League, will be held tonight at 7:30 o'clock in the Herman Room of the Queen City Brewing Company.

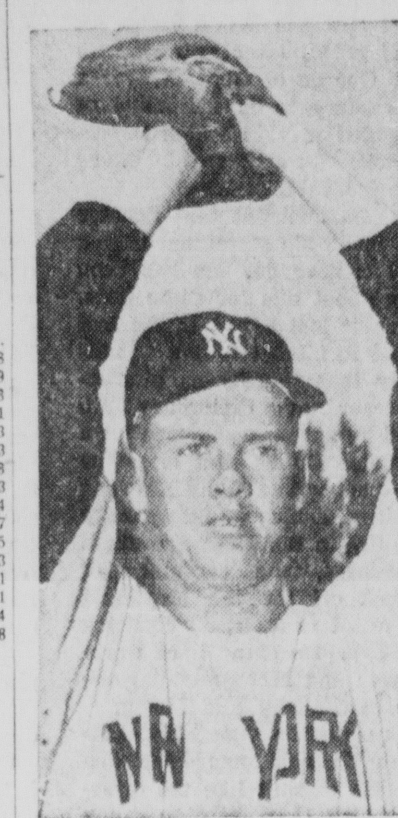

Holdovers of last year's team and new candidates are urged to be present to be measured for uniforms.

Senators Farm 18

ORLANDO, Fla., March 27 (AP)—The Washington Senators trimmed their roster to 33 players today by sending 14 players to Chattanooga of the Southern Association, 3 to Charlotte of the Sally League and 1 to Richmond of the International League.

First baseman Julio Becquer was sent to Richmond.

Johnny Kucks Could Prove Another Grim

BY WALTER L. JOHNS

Central Press Sports Editor

The search for another Bob Grim is on in every baseball camp in the southland—even in the Yankee camp.

The one youngster who might be the Bob Grim of 1955 could be Johnny Kucks, a 21-year-old right-hander with only one year of minor league experience before he went into the Army.

The basis for a special look here in the Yankee camp is Kucks' demonstration of pitching in the New York rookie camp, held at St. Petersburg, Fla., before the regulars arrived.

Kucks is one of the youngsters held over and while assigned to the Denver, Colo., roster, he may show enough to make it this year. It won't be easy, for the Yankees have 23 pitchers in camp, including major leaguers and minor leaguers who have been around for some time. However, Kucks can throw and his record is a fine one. He's coming out of the Army to make his bid for a job with the Yankees but he also played ball in the Army.

JOHNNY was signed in February, 1952, and given a small bonus, by Frank O'Rourke, Yankee scout, and sent to Norfolk, Under Mayo Smith, the new manager of the Phillies, Kucks came through with a 19-6 record and the label that he looked good for the future.

Johnny had to go into the service in 1953 and did his training at Fort Dix. He played ball during this time and wound up with an 11-3 mark for the soldiers.

Last year Kucks was sent to Germany where he pitched for an Army team, finishing with a 14-2 record.

A native of Stanhope, N. J., Kucks pitched for Dickinson high school in Jersey City, N. J. His overall record there was 30-10. He also was a star basketball player but did not play football.

While in high school Johnny played baseball in the Northern league, a college players' mecca where Robin Roberts of the Phillies had also impressed prior to his major league start.

In this league Kucks had records of 4-3 one year and 11-2 the next. That's all the pitching he has done. One year of minor league experience and he is getting a second look in the Yankee camp!

Kucks comes from a large family, which includes four sisters and two brothers. His dad, John Kucks, Sr., is now retired. Kucks is single. However, the Big Date has been set. He will marry Barbara Daum, a high school sweetheart, in November.

Away from baseball Kucks spends his time ice fishing and ice skating on a lake which is but 50 yards from his home.

Pool Expert Appears At Devon Club Today

LUKE—Max Schaffer, match game star from New Jersey, will present the world's best trick and fancy shots in pocket pool at the Devon Club Monday, March 28.

He will give two demonstrations, one at 4 p. m. and the other one at 7:30 p. m. No admission will be charged.

Besides making seemingly impossible shots with ease, Schaffer will explain to the spectators how to make the shots also.

Senators Beat Tigers In Ninth Inning, 3-2

ORLANDO, Fla., March 27 (AP)—Ernie Oravetz's single to center with one out in the last of the ninth inning scored Maury McDermott from second base to give Washington a 3-2 exhibition game victory over Detroit today.

McDermott opened the bottom of the ninth with a single to right off lower Ray Herbert and Eddie Yost sacrificed. That set the stage for Oravetz to break up the game.

The Senators scored twice in the fourth inning off Bob Miller when Pete Runnels singled, Roy Sievers tripled to right and Bruce Edwards singled.

Nashua, Florida Derby Winner, To Head North

Wood Memorial Next Target At New York

MIAMI, Fla., March 27 (AP)—Belair Stud's Nashua heads north tomorrow with a bag of Florida gold for his winter campaign and the triple crown of racing his big objective.

The big, handsome bay son of Nasrullah out of Segula by Johnstown triumphed in the \$148,750 Florida Derby yesterday and proved to the few skeptics still around that he can run in the mud. Making his first appearance on a sloppy track, Nashua shouldered 122 pounds, most of it jockey Eddie Arcaro, and whipped eight other swift 3-year-olds in the mile and a furlong feature before 24,873 rain-soaked patrons at Gulfstream Park.

William Woodward Jr. of New York, who owns Nashua, said the colt will be sent north by plane tomorrow with the Wood Memorial his next main target. After that will come the Kentucky Derby, Preakness and Belmont Stakes.

The Florida Derby victory was his ninth victory in 11 starts. He finished second in the other two.

New York Takes Catholic Title

St. Ann's Defeats St. John's, 59-57

COLLEGE PARK, Md., March 27 (AP)—St. Ann's Academy of New York successfully defended its Washington Catholic Invitational Basketball Tournament crown today with a 59-57 conquest of St. John's of Washington.

The victory for the New York high school team was the third straight by a margin of two points for St. Ann's. Earlier today, St. Peter's of Jersey City won third place with a 77-69 victory over West Catholic of Philadelphia. Benedictine of Richmond took fifth place with a 56-50 victory over Calvert Hall of Baltimore.

St. Ann's, trailing 29-24 at half time, was boosted into the lead and kept there by Joel Cherrytree who came into the game late in the third quarter. The first of four Cherrytree driving layups put St. Ann's ahead 43-42 shortly after the fourth quarter had gotten under way.

St. John's got to the final round with a 65-50 triumph over Charleston, W. Va., Catholic and a 55-54 thriller over West Catholic of Philadelphia.

U.S. Spent \$500,000 For Games In Mexico

MEXICO CITY, March 27 (AP)—Approximately eight million dollars were spent by countries participating in the second Pan American Games, un-official estimates showed today.

This figure includes transportation, equipment, food and lodging of 1,609 contestants and hundreds of coaches, trainers, aides and officials. The expenses of the United States delegation of 452, largest of the 22, were estimated at \$500,000.

A meeting of the Allegany County Men's Shuffleboard League will be held tonight at 8:30 o'clock at the Knights of Columbus Home.

Paul A. Sticher, league secretary, last night announced that the Cumberland K. of C.'s postponed match with the Frostburg Eagles will be played April 7 as part of a twin bill. The Knights will meet Mt. Savage V.F.W. on the same evening.

Phils Triumph, 15-1

CLEARWATER, Fla., March 27 (AP)—Starting with six runs in the first inning, the Philadelphia Phillies today combined a 19-hit attack with fine pitching by Herman Wehmeier to defeat the Cincinnati Redlegs in an exhibition game, 15-1.

Wehmeier pitched the first five innings for the Phils, giving up only one hit. He walked one.

Outfielder Del Ennis and catcher Smoky Burgess led the attack with three hits apiece. Each had a single, double and home run. Cincinnati . . . 000 000 001—1 3 1

Beaglers To Hold Banquet Tuesday At North Branch

The annual banquet of the Allegany Beagle Club will be held Tuesday at 7 p. m. at the North Branch Fire Hall.

Trophies will be presented to the owners of hounds that accumulated the most points the past year in the 13 and 15 inch classes and to the owners of first place hounds in both classes in the Winners' Stake Field Trial.

Other prizes will go to the owners of hounds that placed in any club field trial during the year. Dr. Winter Frantz, deputy state officer for the Western Maryland District, will show a movie on the "Control of Rabies."

Joseph A. Minke, regional game warden, will give a talk on game management.

Members of the Upper Potomac Valley Kennel Club have been invited to attend.

Phillips Oilers Take AAU Title

Colorado Team Loses Tournery Final, 66-64

DENVER, March 27 (AP)—Twice on consecutive nights his mates slipped him the ball in the dying seconds and twice Jim Walsh fired it through the mesh for game-winning baskets.

So today the slick-playing Phillips 66 Oilers of Bartlesville, Okla., are back on top as national champions of Amateur Athletic Union basketball.

They had to play like champions to win the title in the 48th national tournament.

When Walsh, a former San Franciscan, rang the bullseye in the final second last night for Phillips' 66-64 victory, it crushed the last hope of seven Colorado University seniors to go all the way in this rugged tournament.

It was the first national title for the Oilers since 1950. Olympic club won the consolation game last night by trimming the U. S. Marines of Quantico, Va., 78-69.

George Bales, a Quantico guard, was voted the most promising young player.

Tony Trabert Beats Seixas In Florida

MIAMI BEACH, March 27 (INS)—Tony Trabert of Cincinnati upset Davis Cup teammate and U. S. singles champ Vic Seixas of Philadelphia in straight sets today to win the Seventh Annual Good Neighbor Tennis Tourney at Miami Beach.

In the women's finals, national champion Doris Hart of Coral Gables, Fla., defeated Mrs. Dorothy Head Knode of New York, 6-4, 6-1.

The powerfully-built Trabert, second-seeded behind defending champion Seixas, defeated his opponent by scores of 6-4, 8-6, 6-1.

Miss Hart, taking to the net frequently, had little trouble disposing of Mrs. Knode. Mrs. Knode stayed on the baseline throughout most of the match and Miss Hart's drop shots worked to perfection time and again. Ten of 11 drop shots she attempted were good for points.

Spades Upset Leaders In Frostburg K-C Loop

FROSTBURG, March 27 (AP)—The front-running Diamonds of the Frostburg Council 1442 Knights of Columbus Bowling League suffered a 3-0 defeat at the hands of the Spades in a match rolled today at the Rec Center.

In the other match the Hearts won two games from the Clubs.

The high set and high games are as follows: Francis Peretti, Spades, 160-429; Arthur Vanzano, Diamonds, 151-381; Oliver Fabbri, Hearts, 207-485 and Joseph Cunningham, Clubs, 112-310.

Next Sunday afternoon the regular season will wind up and all members of the four teams are urged to be present.

Monti Is Victor In Miami's Open Golf Tournament

Shoots 18-Under-Par 270 And Wins \$2,200

By BEN FUNK

MIAMI BEACH, Fla., March 27 (AP)—Fighting blusterly March winds and a half dozen other professional golf stars who were hot on his heels, Eric Monti fired a cool last-round 68 today to win the \$12,500 Miami Beach Open Golf Tournament.

Scoring the biggest victory of his career, the 36-year-old Los Angeles pro posted a 72-hole score of 270 to finish 18 strokes under par for the Bayshore Golf Course and 2 blows in front of Bob Rosburg, the promising young campaigner from San Francisco.

Monti, who quit the golf trail in 1950, after he was seriously injured in an automobile accident, made a six-week leave from the Hillcrest Golf Club in Los Angeles pay off as he captured a \$2,200 first prize. "I played pretty well," Monti said as he came in after beating off strong challenges by such players as Rosburg, Sam Snead, of White Sulphur Springs, W. Va., and Shelley Mayfield of Westbury, L.I.

Starting the last 18 hole round one stroke up on Rosburg and Mayfield, the steady Californian turned into the last nine still clinging to a one-stroke margin over the field. As the others faded slightly on the back nine, Monti's game improved. He dropped two sensational putts, one of 25 feet for a birdie on the 7th hole and one of 35 feet for another birdie on the 11th. He closed out his round by canning a five-foot putt for a birdie on the 18th.

Mayfield, who broke the Bayshore competitive record with a second-round 64, finished in a third place tie with Snead at 273.

A young newcomer to the tournament circuit, Doug Higgins of Midland, Tex., was fifth, posting a final round 68 for 275.

Jim Rivera's Hitting Wins For White Sox

TAMPA, Fla., March 27 (AP)—Trailing 3-1 with two out in the ninth, the Chicago White Sox tied the score on Jim Rivera's homer and then edged the Brooklyn Dodgers, 4-3, on the same Rivera's double in the 11th. It was Brooklyn's fifth extra inning game of the spring.

Joe Black retired the first two batters in the ninth, but Minnie Minoso singled. Rivera then drove over the left field wall. Minoso also started the winning rally with a double to left in the 11th. Rivera doubled him home for the clincher.

Giants Trim Cubs

PHOENIX, March 27 (AP)—The New York Giants reeled off their fourth straight victory and the eighth in their last nine games by turning back the Chicago Cubs, 8-4, in cool, sunny weather today.

There were four homers in the game. Willie Mays hitting one for the Giants and Gene Baker, Ransom Jackson and rookie catcher Jim Fanning connecting for the Cubs.

It was the eighth of the spring for Mays, who has taken a big lead in the cactus league clouting derby.

In the other match the Hearts won two games from the Clubs. The high set and high games are as follows: Francis Peretti, Spades, 160-429; Arthur Vanzano, Diamonds, 151-381; Oliver Fabbri, Hearts, 207-485 and Joseph Cunningham, Clubs, 112-310.

Santee, Whitfield Win At Chicago

CHICAGO, March 27 (AP)—Wes Santee inaugurated a new spruce track at the Chicago Stadium last night, running the famed Bankers Mile in 4:04.2, a shade off the world indoor record.

It was Santee's second best indoor mile effort and broke the Daily News Relay mark of 4:06.4 set by Gil Dodds in 1944.

The gangling Kansan earlier this year set a new record of 4:03.8 but Gunnar Nielsen of Denmark broke it a week later in 4:03.6. Mal Whitfield won the 600-yard run for the fifth straight year.

Cerv's Home Run Nets Yanks Win

Hits Grand Slammer To Sink Cards, 7-5

ST. PETERSBURG, Fla., March 27 (AP)—Bob Cerv hit a grand-slam homer to earn the New York Yankees a 7-5 victory in the first game of a chilly doubleheader today.

And the teams battled to a scoreless tie in the nightcap, limited to seven innings by mutual agreement.

Southpaw Harvey Haddix and righthander Bob Grim waged a brilliant pitchers' battle in the second game. St. Louis making only two hits and New York three.

Whitey Ford, star southpaw, went eight innings in the opener, for the longest stint by a Yankee staffer. He was returned the winning pitcher on the strength of Cerv's 415-foot crash over the temporary bleachers in left center.

Ford yielded nine hits, including Stan Musial's first homer of the spring.

Kucks is one of the youngsters held over and while assigned to the Denver, Colo., roster, he may show enough to make it this year.

It won't be easy, for the Yanks have 23 pitchers in camp, including major leaguers and minor leaguers who have been around for some time. However, Kucks can throw and his record is a fine one. He's coming out of the Army to make his bid for a job with the Yanks but he also played ball in the Army.

JOHNNY was signed in February, 1952, and given a small bonus, by Frank O'Rourke, Yankee scout, and sent to Norfolk, Under Mayo Smith, the new manager of the Phillies. Kucks came through with a 19-6 record and the label that he looked good for the future.

Johnny had to go into the service in 1953 and did his training at Fort Dix. He played ball during this time and wound up with an 11-3 mark for the soldiers.

Last year Kucks was sent to Germany where he pitched for an Army team, finishing with a 14-2 record.

A native of Stanhope, N. J., Kucks pitched for Dickinson high school in Jersey City, N. J. His overall record there was 30-10. He also was a star basketball player but did not play football.

While in high school Johnny played baseball in the Northern League, a college players' mecca where Robin Roberts of the Phils also had impressed prior to his major league start.

In this league Kucks had records of 4-3 one year and 11-2 the next. That's all the pitching he has done. One year of minor league experience and he is getting a second look in the Yankee camp!

Kucks comes from a large family, which includes four sisters and two brothers. His dad, John Kucks, Sr., is now retired.

Kucks is single. However, the Big Date has been set. He will marry Barbara Daum, a high school sweetheart, in November.

Away from baseball Kucks spends his time ice fishing and ice skating on a lake which is but 50 yards from his home.

Pool Expert Appears At Devon Club Today

LUKE — Max Schaffer, match game star from New Jersey, will present the world's best trick and fancy shots in pocket pool at the Devon Club Monday, March 28.

He will give two demonstrations, one at 4 p. m. and the other one at 7:30 p. m. No admission will be charged.

Besides making seemingly impossible shots with ease, Schaffer will explain to the spectators how to make the shots also.

Senators Beat Tigers In Ninth Inning, 3-2

ORLANDO, Fla., March 27 (INS)—Ernie Oravetz's single to center with one out in the last of the ninth inning scored Maury McDermott from second base to give Washington a 3-2 exhibition game victory over Detroit today.

McDermott opened the bottom of the ninth with a single to right off loser Ray Herbert and Eddie Yost sacrificed. That set the stage for Oravetz to break up the game.

The Senators scored twice in the fourth inning off Bob Miller when Pete Runnels singled, Roy Sievers tripled to right and Bruce Edwards singled.

Nashua, Florida Derby Winner, To Head North

Wood Memorial Next Target At New York

MIAMI, Fla., March 27 (INS)—Belair Stud's Nashua heads north tomorrow with a bag of Florida gold for his winter campaign and the triple crown of racing his big objective.

The big, handsome bay son of Nasrullah out of Segula by Johnstown triumphed in the \$148,750 Florida Derby yesterday and proved to the few skeptics still around that he can run in the mud.

Making his first appearance on a sloppy track, Nashua shouldered 122 pounds, most of it jockey Eddie Arcaro, and whipped eight other swift 3-year-olds in the mile and a furlong feature before 24,873 rain-soaked patrons at Gulfstream Park.

William Woodward Jr. of New York, who owns Nashua, said the colt will be sent north by plane tomorrow with the Wood Memorial his next main target. After that will come the Kentucky Derby, Preakness and Belmont Stakes.

The Florida Derby victory was his ninth victory in 11 starts. He finished second in the other two.

New York Takes Catholic Title

St. Ann's Defeats St. John's, 59-57

COLLEGE PARK, Md., March 27 (AP)—St. Ann's Academy of New York successfully defended its Washington Catholic Invitational Basketball Tournament crown today with a 59-57 conquest of St. John's of Washington.

The victory for the New York high school team was the third straight by a margin of two points for St. Ann's.

Earlier today, St. Peter's of Jersey City won third place with a 77-69 victory over West Catholic of Philadelphia. Benedictine of Richmond took fifth place with a 56-50 victory over Calvert Hall of Baltimore.

St. Ann's, trailing 29-24 at halftime, was boosted into the lead and kept there by Joel Cherrytree who came into the game late in the third quarter. The first of four Cherrytree driving layups put St. Ann's ahead 43-42 shortly after the fourth quarter had gotten under way.

St. John's got to the final round with a 65-50 triumph over Charleston, W. Va., Catholic and a 55-54 thriller over West Catholic of Philadelphia.

U.S. Spent \$500,000 For Games In Mexico

MEXICO CITY, March 27 (INS)—Approximately eight million dollars were spent by countries participating in the second Pan American Games, unofficial estimates showed today.

This figure includes transportation, equipment, food and lodging of 1,609 contestants and hundreds of coaches, trainers, aides and officials. The expenses of the United States delegation of 452, largest of the 22, were estimated at \$500,000.

Shuffle Loop Meets

A meeting of the Allegany County Men's Shuffleboard League will be held tonight at 8:30 o'clock at the Knights of Columbus Home.

Paul A. Sticher, league secretary, last night announced that the Cumberland K. of C.'s postponed match with the Frostburg Eagles will be played April 7 as part of a twin bill. The Knights will meet Mt. Savage V.F.W. on the same evening.

Phils Triumph, 15-1

CLEARWATER, Fla., March 27 (INS)—Starting with six runs in the first inning, the Philadelphia Phillies today combined a 19-hit attack with fine pitching by Herman Wehmeier to defeat the Cincinnati Reds in an exhibition game, 15-1.

Wehmeier pitched the first five innings for the Phils, giving up only one hit. He walked one.

Outfielder Del Ennis and catcher Smokey Burgess led the attack with three hits apiece. Each had a single, double and home run.

Beagles To Hold Banquet Tuesday At North Branch

The annual banquet of the Allegany Beagle Club will be held Tuesday at 7 p. m. at the North Branch Fire Hall.

Trophies will be presented to the owners of hounds that accumulated the most points the past year in the 13 and 15 inch classes and to the owners of first place hounds in both classes in the Winners' Stake Field Trial.

Other prizes will go to the owners of hounds that placed in any club field trial during the year.

Dr. Winter Frantz, deputy state officer for the Western Maryland District, will show a movie on the "Control of Rabies."

Joseph A. Minke, regional game warden, will give a talk on game management.

Members of the Upper Potomac Valley Kennel Club have been invited to attend.

Phillips Oilers Take AAU Title

Colorado Team Loses Tournay Final, 66-64

DENVER, March 27 (AP)—Twice on consecutive nights his mates slipped him the ball in the dying seconds and twice Jim Walsh fired it through the mesh for game-winning baskets.

So today the slick-playing Phillips 66 Oilers of Bartlesville, Okla., are back on top as national champions of Amateur Athletic Union basketball.

They had to play like champions to win the title in the 48th national tournament.

When Walsh, a former San Franciscoan, rang the bullseye in the final second last night for Phillips' 66-64 victory, it crushed the last hope of seven Colorado University seniors to go all the way in this rugged tournament.

It was the first national title for the Oilers since 1950.

Olympic club won the consolation game last night by trimming the U. S. Marines of Quantico, Va., 78-69.

George Bales, a Quantico guard, was voted the most promising young player.

Tony Trabert Beats Seixas In Florida

MIAMI BEACH, March 27 (INS)—Tony Trabert of Cincinnati upset Davis Cup teammate and U. S. singles champ Vic Seixas of Philadelphia in straight sets today to win the Seventh Annual Good Neighbor Tennis Tourney at Miami Beach.

In the women's finals, national champion Doris Hart of Coral Gables, Fla., defeated Mrs. Dorothy Head Knode of New York, 6-4, 6-1.

The powerfully-built Trabert, second-seeded behind defending champion Seixas, defeated his opponent by scores of 6-4, 8-6, 6-1.

Miss Hart, talking to the net frequently, had little trouble disposing of Mrs. Knode. Mrs. Knode stayed on the baseline throughout most of the match and Miss Hart's drop shots worked to perfection time and again. Ten of 11 drop shots she attempted were good for points.

Spades Upset Leaders In Frostburg K-C Loop

FROSTBURG, March 27 — The front-running Diamonds of the Frostburg Council 1442 Knights of Columbus Bowling League suffered a 3-0 defeat at the hands of the Spades in a match rolled today at the Rec Center.

In the other match the Hearts won two games from the Clubs.

The high set and high games are as follows: Francis Peretti, Spades, 160-429; Arthur Vanenazano, Diamonds, 151-381; Oliver Fabbri, Hearts, 207-465 and Joseph Cunningham, Clubs, 112-310.

Next Sunday afternoon the regular season will wind up and all members of the four teams are urged to be present.

The standings:

Diamonds . . . 26 19
Spades . . . 24 21
Hearts . . . 21 24
Clubs . . . 19 26

Monti Is Victor In Miami's Open Golf Tournament

Shoots 18-Under-Par 270 And Wins \$2,200

By BEN FUNK

MIAMI BEACH, Fla., March 27 (INS)—Fighting blusterly March winds and a half dozen other professional golf stars who were hot on his heels, Eric Monti fired a cool last round 68 today to win the \$12,500 Miami Beach Open Golf Tournament.

Scoring the biggest victory of his career, the 36-year-old Los Angeles pro posted a 72-hole score of 270 to finish 18 strokes under par for the Bayshore Golf Course and 2 blows in front of Bob Rosburg, the promising young campaigner from San Francisco.

Monti, who quit the golf trail in 1950, after he was seriously injured in an automobile accident, made a six-week leave from the Hillcrest Golf Club in Los Angeles pay off as he captured a \$2,200 first prize.

"I played pretty well," Monti said as he came in after beating off strong challenges by such players as Rosburg, Sam Snead, and White Sulphur Springs, W. Va., and Shelley Mayfield of Westbury, L.I.

Starting the last 18 hole round one stroke up on Rosburg and Mayfield, the steady Californian turned into the last nine still clinging to a one-stroke margin over the field. As the others faded slightly on the back nine, Monti's game improved. He dropped two sensational putts, one of 25 feet for a birdie on the 7th hole and one of 35 feet for another birdie on the 11th. He closed out his round by canning a five-foot putt for a birdie on the 18th.

Mayfield, who broke the Bayshore competitive record with a second-round 64, finished in a third place tie with Snead at 273.

A young newcomer to the tournament circuit, Doug Higgins of Midland, Tex., was fifth, posting a final round 68 for 275.

Jim Rivera's Hitting Wins For White Sox

TAMPA, Fla., March 27 (INS)—Trailing 3-1 with two out in the ninth, the Chicago White Sox tied the score on Jim Rivera's homer and then edged the Brooklyn Dodgers, 4-3, on the same Rivera's double in the 11th. It was Brooklyn's fifth extra inning game of the spring.

Joe Black retired the first two batters in the ninth, but Minnie Minoso singled. Rivera then drove over the left field wall. Minoso also started the winning rally with a double to left in the 11th. Rivera doubled him home for the clincher.

Until the ninth Jackie Robinson of the Brooks was the star with four singles and a steal of home.

Giants Trim Cubs

PHOENIX, March 27 (INS)—The New York Giants reeled off their fourth straight victory and the eighth in their last nine games by turning back the Chicago Cubs, 8-4, in cool, sunny weather today.

There were four homers in the game. Willie Mays hitting one for the Giants and Gene Baker, Ransom Jackson and rookie catcher Jim Fanning connecting for the Cubs.

It was the eighth of the spring for Mays, who has taken a big lead in the cactus league clouting derby.

Santee, Whitfield Win At Chicago

CHICAGO, March 27 (INS)—Wes Santee inaugurated a new spruce track at the Chicago Stadium last night, running the famed Bankers Mile in 4:04.2, a shade off the world indoor record.

It was Santee's second best indoor mile effort and broke the Daily News Relay mark of 4:06.4 set by Gil Dodds in 1944.

The gangling Kansan earlier this year set a new record of 4:03.8 but Gunnar Nielsen of Denmark broke it a week later in 4:03.6.

Mal Whitfield won the 600-yard run for the fifth straight year.

Cerv's Home Run Nets Yanks Win

Hits Grand Slammer To Sink Cards, 7-5

ST. PETERSBURG, Fla., March 27 (AP)—Bob Cerv hit a grand-slammer to earn the New York Yankees a 7-5 victory in the first game of a chilly doubleheader today.

And the teams battled to a scoreless tie in the nightcap, limited to seven innings by mutual agreement.

Southpaw Harvey Haddix and righthander Bob Grim waged a brilliant pitchers' battle in the second game, St. Louis making only two hits and New York three.

Whitey Ford, star southpaw, went eight innings in the opener, for the longest stint by a Yankee staffer. He was returned the winning pitcher on the strength of Cerv's 415-foot crash over the temporary bleachers in left center.

Ford yielded nine hits, including Stan Musial's first homer of the spring.

Syracuse Winner, Goes To Finals

BOSTON, March 27 (INS)—The Syracuse Nationals won the Eastern Division final playoffs of the National Basketball Association today by defeating the Boston Celtics, 110 to 94, before a sellout crowd of 7,200 at Boston arena.

The Nats, in clinching the finals of the eastern series three games to one, will meet the victor of the Fort Wayne-Minneapolis western series for the NBA championship which starts Thursday.

Dolph Schayes, with 28, Earl Lloyd, 22, and Red Rocha with 15 points, led the scoring for Syracuse, and their first win in Boston this season.

Bill Sharman with 29, and Bob Cousy with 19 points, paced the scoring for Boston, eliminated from the playoffs for the second straight year by the Nationals.

Whitman Is Winner

Jim Whitman defeated Vance Markwood in three out of five games in the Class B French pool tournament staged by Aerie No. 245, Fraternal Order of Eagles.

The winner will receive a trophy in the consolation contest.

Elizabeth Wins Newport Tourney

NEWPORT, R. I., March 27 (INS)—St. Mary's of Elizabeth, N. J., won the Eastern States Catholic Interscholastic Basketball Tournament here today by defeating Power Memorial of New York, in the finals, 54-47.

All Hallows, New York, won over Newport, 84-44, in the third place game.

Central Catholic, Pittsburgh, defeated Fairfield Prep, Conn., 64-58, in the consolation contest.

Senator Kimble Honored At Dinner In Annapolis

The entire State Senate, representatives of labor, Allegany County's delegates and others honored State Sen. Robert B. Kimble at a testimonial dinner Friday night at Annapolis in honor of his long service in Maryland's General Assembly's upper house.

Sen. Kimble will end 23 years as a legislator from this county, the last 21 of them as state senator.

OFFICE OF DIRECTOR OF CIVIL DEFENSE

NOTICE TO BIDDERS

SEALED PROPOSALS FOR ERECTION OF CIVIL DEFENSE RESCUE TRAINING SET

Sealed bids will be received by the undersigned Director of Civil Defense for Allegany County, Maryland, until 10:00 A. M. E. S. T., Friday, April 8, 1955, at the office of the Clerk of the County Commissioners, Allegany County Court House, Cumberland, Maryland, for the erection of Civil Defense Rescue Training Set in accordance with certain Specifications dated March 1, 1955 and Plans dated April 12, 1954, entitled "Rescue Training Set, Allegany County Civil Defense, Allegany County, Cumberland, Maryland."

Plans and Specifications for said building will be available on and after March 17, 1955, at the office of the Clerk of the County Commissioners, Allegany County Court House, Cumberland, Maryland, from whom copies of said Plans and Specifications may be obtained.

Bids must be submitted in the manner and form provided for in the aforementioned Specifications. Bids may be submitted for complete construction, or major sub-contracts, as defined in the Specifications.

The successful bidder will be required to furnish bond in the full amount of the contract, said bonds to be with a bonding company licensed to do business in the State of Maryland and to be approved by the County Commissioners of Allegany County.

Evidence of Workmen's Compensation and public liability insurance must be furnished, and the contractor must comply with all federal, state and local regulations.

Labor rates must be figured at prevailing hourly wage rates in the vicinity at the date of the contract.

Further information may be obtained from the undersigned Director.

The Director of Civil Defense reserves the right to recommend to the County Commissioners the rejection of any or all bids or to accept any.

WILLIAM BARGER, Director of Civil Defense, Allegany County, Cumberland, Maryland.

Adv. N.T. Mar. 21-28

Senator Kimble Honored At Dinner In Annapolis

The entire State Senate, repre-
sentatives of labor, Allegany
County's delegates and others
honored State Sen. Robert B. Kimble
at a testimonial dinner. Friday
night at Annapolis in honor of his
long service in Maryland's Gen-
eral Assembly's upper house.

Sen. Kimble will end 23 years
as a legislator from this county,
the last 21 of them as state sen-
ator, in June when he becomes
chairman of the Board of Em-
ployment Security and director of
the Department of Employment Secu-
rity.

Sen. Kimble was appointed to the
\$10,000 a year post that will be for
six years by Gov. McKeldin.

At the dinner in the Wagon Wheel
near Annapolis, Sen. Louis Gold-
stein, (D-Calvert) president of the
Senate spoke on Sen. Kimble's long
record and presented him with a
plaque in behalf of his fellow sena-
tors.

Following the dinner, the Senate
convened in the evening, and went
into the old Senate chamber, a
traditional Maryland Day rite, and
Sen. John G. Turnbull (D-Balto-
County) presented the Allegany
County senator with a plaque of
the Maryland Seal.

Among the others attending the
dinner were W. Earle Coby and
Earl Chaney, both of this city;
John W. Sloan, Baltimore; Charles
Della, Baltimore, executive sec-
retary of the Maryland Civil Council;
Harry Cohen, Baltimore, president
of the Maryland-District of Colum-
bia American Federation of Labor
Council; Bart Fahey, of the rail-
road machinists' union; William
Morris, of the Brotherhood of Rail-
road Trainmen, and Robert
Adams, of the Brotherhood of Loco-
motive Engineers.

Plans and Specifications for said build-
ing will be available on and after March
17, 1955, at the office of the Clerk of the
County Commissioners, Allegany County
Court House, Cumberland, Maryland, from
which copies of said Plans and Specifi-
cations may be obtained.

Bids must be submitted in the manner
and form provided for in the announce-
ment. Specifications must be sub-
mitted for complete construction, or major
sub-contracts, as defined in the Specifi-
cations.

The successful bidder will be required
to furnish bond in the full amount of the
contract, said bonds to be with a bonding
company licensed to do business in the
State of Maryland and to be approved by

Two Women Die In Fire

Home Levelled By Blaze At Cabins, W. Va.

Father, Younger Daughter Escape

A mother and her daughter were burned to death early yesterday morning in a blaze which destroyed their home in Cabins, W. Va., but two other members of the family were able to escape from the burning building.

The dead were identified as Mrs. Edith Elizabeth Watts, 44, and Miss Audrey Arbell Watts, 23.

Russell Watts, 46, husband of Mrs. Watts, and a younger daughter, Carolyn Watts, about nine years old, were able to get out of the blazing home, which was destroyed about 6 a. m. yesterday.

Watts, according to J. L. Boor, coroner of Grant County, was burned about the face and hands and required medical attention. Carolyn was uninjured.

Authorities said the fire was caused by an explosion which occurred when Mrs. Watts poured kerosene on smoldering embers in the coal heating stove located in the front room of the five-room, one-story frame building.

Wind Spreads Flames

Petersburg Fire Chief Hugh Allen said the stove exploded as Mrs. Watts closed the door. Knocked to the floor by the blast, she spilled the rest of the contents of the kerosene can about the room, spreading the flames.

High winds fanned the resulting flames and they rapidly spread through the room and house.

The other three members of the family were asleep at the time of the explosion, authorities said. The husband and younger daughter escaped through the rear door of the burning building.

When Watts saw that his wife and other daughter had not managed to escape from the home, he attempted to get to them but the intense heat drove him back out of the house, authorities said.

Coroner Boor, who termed the two deaths accidental, said that Audrey Watts was sleeping in a bedroom adjoining the front room. After the explosion she attempted to escape, opened the bedroom door and apparently fell into the blazing room.

Both the victims were found lying on the front room floor, Boor added. Watts is employed at the Bean Lime and Stone Company quarry about half a mile from the destroyed home.

The younger daughter is a pupil at Petersburg School. The two survivors will be housed at the home of a neighbor for the present, Boor added.

Temperature 20 Above
Volunteer firemen from Petersburg went to the scene, but high winds fanned the flames out of control and nothing was saved from the burning building. The temperature at Cabins early yesterday morning was about 20 degrees above zero.

Firemen were called back to the scene last night as embers smoldering in the foundation were fanned into flames by an icy wind. Investigating for the state police were Cpl. Don Adams and Trooper John Leeson of the Petersburg detachment.

Mrs. Watts, a native of Grant County, was born June 14, 1912, and was a daughter of Albert and Laura (Heavener) Heavener, of the Jordan Run, W. Va., section.

She was a member of the Assembly of God at Cabins. Surviving besides her husband and daughter, Carolyn, is another daughter, Mrs. Margie Hardy, of Cabins.

Also surviving are two sisters, Mrs. Myrtle Reed, Keyser; Mrs. Bernice Walters, Cabins; four brothers, Sgt. Bernice Heavener, Dayton, Ohio; Jonas Heavener, Winchester, Va.; Arthur and Otha Heavener, Cabins.

Audrey Watts, also a native of Grant County, was born, December 30, 1931.

Joint funeral services for the two victims will be held tomorrow at 10:30 a. m. in the Assembly of God Church with Rev. S. D. Beller, Jr., officiating.

Interment will be in the Maysville Cemetery. The bodies are at the Schaeffer Funeral Home, Petersburg.

Cabins is located about four miles west of Petersburg, W. Va., on State Route 4 at the lower end of the Smoke Hole section.

West Virginian Dies In 2-Car Crash On US 50

Col. Joe E. Compton, 39, of Morgantown, W. Va., died yesterday evening as a result of injuries sustained in a two-car collision on U. S. Route 50 about one mile east of Augusta near the intersection of State Route 45.

He was pronounced dead on arrival at Winchester (Va.) Memorial Hospital by a physician. An autopsy, according to authorities, will be performed this morning.

The accident occurred about 5:25 p. m., as Col. Compton was traveling east on Route 50 in his sports roadster.

Roland Eugene Grapes, 23, of Augusta, who was recently discharged from the Army, was traveling west as his car left the highway on the right side of the road and went into a skid.

As he tried to get the car back on the highway it skidded sideways into the oncoming Compton roadster.

Grapes was treated by a physician in Augusta for a severe laceration on the back of his head and for bruises. The physician directed that Grapes be taken to a hospital for observation.

Sgt. Robert E. Schnell, of the West Virginia State Police at Romney, said no charges had been filed pending an investigation.

Constable Frank Kight assisted Sgt. Schnell by directing traffic at the scene of the accident. Col. Compton was reported to have died on the outskirts of Winchester en route to the hospital.

Flue Fires Keep Firemen Busy

Six flue fires yesterday and late Saturday night kept city firemen busy.

In fact, West Side firemen "killed two birds with one stone" in a call yesterday evening. They were called to 628 Fayette Street at 6:38 p. m. and after checking the flue fire glanced over to the next door neighbors and saw another flue fire.

In other calls yesterday South End went to 117 Oak Street at 8:24 p. m. East Side firemen reported to 427 Valley Street at 8:02 and checked a flue fire there. Yesterday morning West Side answered Box 132 when it was pulled and went to 28 State Street.

On Saturday night a flue fire was checked by West Side at 219 Carroll Street. No damage was reported in any of the fires.

Tot Visits Easter Bunny, Meets A Santa Instead

One youngster who went to Rosenbaum's Store on Saturday to meet the Easter Bunny ended up being treated by Santa Claus.

The boy, who is about six, heard that the Easter Bunny was going to arrive in Cumberland and would be in the parade down Baltimore Street to the local store.

Clerks on the fourth floor, where Bunnymand was located, noticed that the youngster's shoes were just about worn out completely and also noticed he could use a warm sweater.

So they got together and after a collection was taken up the youngster left the store not only with warm greetings from the Easter Bunny but also with a pair of new shoes and a new sweater.

The planting of the half acre tract was supervised by Harry M. Hartman, Bedford Road, assistant district forester.

The trees were supplied by the Maryland Department of Forests and Parks.

Cub members participating were Earl Hartman, Luther Bittiger, John Weimer, Stephen Bennett, Harold Yankelevitz, Raymond Green, William VanHorn, Jay Carrell, Donald Gall, William Skennner, Richard Armstrong, Jeff Mobus, Ronald Crothers, Harry Shobe, John Bloise and Michael Everhart.

Scout troop members were Wayne Martz, David Leasure, Gary Miller, Gary Yutzky, Donald Messinger, James Peagle, William Lawyer, Michael Hartman, Randolph Miller, Homer Crothers, Bruce Crothers, Wayne Duckworth, Ray Weimer, Joseph Yutzky and George Bennett.

Adult leaders of the Cub pack are James Gall, Roy Yutzky, Walter Maxey, Edward Bennett, Paul Mobus, Jack Carrell, Charles Hardman, Hilary Green.

Boy Scout leaders are William J. Armbruster and Hartman.

The question of where the Allegany-Garrett county boundary lies would become a matter for legislative deliberation under a bill introduced in the House of Delegates Friday by Del. Harry C. Edwards of Grantsville.

Del. Edwards, while not predicting any serious border incidents, said there has been some confusion over the line for several years.

"Back in 1921," he recalled, "the signpost marking the Garrett County line was located near the old toll house gate on Route 40 just west of Frostburg. Now it's up almost to the top of Big Savage Mountain."

Edwards said he didn't know whether the old signpost had been at the proper location or not, but that the matter was something he felt should be straightened out.

Mines, Assessments Affected
"I'm not saying Allegany County or anybody else is trying to take anything from us," Edwards said, "but we'd like to have a re-survey and legislative establishment of the boundary."

Edwards explained that several coal mine operators had asked him to try to get the situation cleared up, because their operations are affected by the General Assembly's local laws referring to coal mining in Allegany and Garrett counties. Edwards said they want to be sure in which county they're operating.

He pointed out that the assessable bases of both counties, their share in state road-building programs, and several other matters could be affected by any shift in boundaries.

"Besides," said the Garrett delegate, "whether you're building a house or a town, it's good business to know your boundary lines."

His bill, designated House Bill 860, calls for a re-survey and legislative establishment of the boundary along the line set up when Garrett County was created in 1872.

Other Bills Introduced
Other bills affecting Allegany and Garrett counties which were introduced before the deadline Friday night included:

HB 844 (Allegany delegation) providing for a county humane office to license dogs and impound strays.

HB 848 (Garrett delegation) to provide a liquor dispensary for (Continued on Page 9, Col. 6)

Arthur G. Ramey, supervisor of transportation in the county school system, will direct the inspection, assisted by David Davis, mechanic. This is the last of the three inspections required by law during each school year.

Nun Assumes Duties Here

Sister Mary Edmund, who was a supervisor and later director of nurses when Sacred Heart Hospital was known as Allegany Hospital, has returned to Cumberland after an absence of about 14 years which she spent in other hospitals along the East Coast.

At presser she is supervisor of St. Mary's Hall. Previously she had been at Allegany Hospital from 1928 to 1941. For two years she was a supervisor and later director of nurses.

After she left Cumberland she was located at hospitals in Greensboro, N. C.; Waterville, Maine; and Pensacola, Fla. A native of Wilmington, Del., she trained at a hospital in that city and later received her education at St. Joseph's in Emmittsburg, Pa.; Catholic University, Washington, D. C.; Boston University and the University of Maine.

She entered the novitiate in Emmittsburg.

The House gave overwhelming approval Saturday to cuts totaling \$1,227,626 which the finance committee had shaved off the governor's original requests. It also beat down two attempts to restore some Health Department funds and rejected another which would have cut the Secretary of State's \$10,000 salary in half.

Comes Up Today
The bill is expected to come up for passage in the House today and move over to the Senate.

Sen. Phoebeus (R-Somerset) has already complained over some of the cuts made in committee, such as the \$345,572 from mental hospital appropriations which made up the largest single whack.

He said last week he couldn't see approving two million dollars for a University of Maryland library (in the separate capital improvements program) at the same time the Legislature saw fit to reduce the mental hygiene and similar budgets.

He indicated at that time he might offer opposition to the mental hospital cuts as well as the library.

That subject didn't come up in the House debate Saturday, but there was plenty of talk over the \$195,000 trimmed down from a 14½ million dollar Health Department budget.

Driscoll Move Beaten
Del. Driscoll (R-Allegany) led an unsuccessful fight to restore \$76,666 in funds cut from the city and county medical care program and the hospital in-patient program for needy persons. He also sought to put back \$54,558 for the State's tuberculosis hospitals. The House rejected his first move 73-24 and his second 62-38.

County Ranks Seventh In Bond Sales

Allegany County now ranks seventh in Maryland in percentage of Savings Bond sales quota made so far this year, having accomplished 20 per cent of its objective.

Treasury Department information released through Lynn C. Lashley, savings bonds chairman for the county, reports the state of Maryland as making excellent progress towards reaching its goal of \$71 million for 1955.

January and February accounted for 15.9 per cent of the state's goal for 1955, or \$11,356,853 in sales of E and H bonds for the two-month period.

Lashley urged all savings bonds volunteers to continue their efforts in order to make it possible for Maryland to reach its 1955 quota.

According to the U.S. Treasury reports, nationwide sales of E and H Savings Bonds in the first two months of 1955 totaled \$1,038,000,000 and set a 10-year record.

Americans continue to buy substantially more series E and H savings bonds than they cash in. Cash sales exceeded redemptions of both matured and unmatured series E and H savings bonds in February by \$122 million. For the two-month period, the sales excess was \$291 million.

The sale of savings bonds contribute greatly to the easing of the problem of handling the national debt, Lashley said.

Final Inspection Of Buses Planned
The spring quarterly inspection of the 109 school buses and passenger cars used in the transportation program of the Allegany County public school system will be made today, tomorrow and Wednesday at various centers around the county.

This morning the inspections will be undertaken at Flintstone and Piney Plains. This afternoon Oldtown will be the center of operations.

Tomorrow morning the inspections will be at Fort Hill. That afternoon they will be in Westernport and Lonaconing. Wednesday morning the checking will be completed at Mt. Savage and Frostburg.

Arthur G. Ramey, supervisor of transportation in the county school system, will direct the inspection, assisted by David Davis, mechanic. This is the last of the three inspections required by law during each school year.

He also sought to put back \$54,558 for the State's tuberculosis hospitals. The House rejected his first move 73-24 and his second 62-38.

Driscoll complained that the committees had made a flat 1½ per cent across the board cut in the entire health budget to try to produce more efficient administration but that this move had impaired two important programs.

Del. Boone (D-Balto County), chairman of the House Ways and Means committee, said he didn't think any services had been impaired and that the committees felt the overall department cut would "perhaps serve notice on them to tighten up their house-keeping."

He said it was generally felt there had been "a certain amount of laxity in Health Department administration the past several years." Boone indicated it was up to the department to readjust its funds for more economical operation.

The Health Department also complained of some of the cuts in a mimeographed message to members of the Legislature asking them to reconsider the committees' actions. They specifically complained of reduced amounts for hospitalization of crippled children, medical care for the poor, chronic disease hospitals and tuberculosis hospitals.

Boone Calls Cut Slight
The message assured legislators that the department would "provide maximum health services with the money appropriated."

Boone said that cuts of only 1½ per cent in a budget so large must be considered relatively slight.

Senate To Study Budget; End Of Session Nears

House Adopts Cuts In Fiscal Measure

By HERB THOMPSON
ANNAPOLIS, March 27 (AP)—Any further changes in Gov. McKeldin's record 269 million dollar budget appeared to rest with the Senate this week as the 1955 General Assembly headed down the home stretch.

The Senate also was scheduled to bring out on Monday or Tuesday the second of McKeldin's major spending bills, a capital improvements program totaling nearly 10 million dollars in long-range construction projects for State institutions. These funds will be financed over a period of years by the property tax.

Tax increases needed to raise 28½ million dollars to balance the budget are not expected to come out of finance committees of the two houses until Friday or Saturday, with the Assembly adjourning the following Monday, April 4.

The House gave overwhelming approval Saturday to cuts totaling \$1,227,626 which the finance committee had shaved off the governor's original requests. It also beat down two attempts to restore some Health Department funds and rejected another which would have cut the Secretary of State's \$10,000 salary in half.

Two Women Die In Fire

Home Levelled By Blaze At Cabins, W. Va.

Father, Younger Daughter Escape

A mother and her daughter were burned to death early yesterday morning in a blaze which destroyed their home in Cabins, W. Va., but two other members of the family were able to escape from the burning building.

The dead were identified as Mrs. Edith Elizabeth Watts, 44, and Miss Audrey Arbell Watts, 23. Russell Watts, 46, husband of Mrs. Watts, and a younger daughter, Carolyn Watts, about nine years old, were able to get out of the blazing home, which was destroyed about 6 a. m. yesterday.

Watts, according to J. L. Boor, coroner of Grant County, was burned about the face and hands and required medical attention. Carolyn was uninjured.

Authorities said the fire was caused by an explosion which occurred when Mrs. Watts poured kerosene on smoldering embers in the coal heating stove located in the front room of the five-room, one-story frame building.

Wind Spreads Flames
Petersburg Fire Chief Hugh Allen said the stove exploded as Mrs. Watts closed the door. Knocked to the floor by the blast, she spilled the rest of the contents of the kerosene can about the room, spreading the flames.

High winds fanned the resulting flames and they rapidly spread through the room and house.

The other three members of the family were asleep at the time of the explosion, authorities said. The husband and younger daughter escaped through the rear door of the burning building.

When Watts saw that his wife and other daughter had not managed to escape from the home, he attempted to get to them but the intense heat drove him back out of the house, authorities said.

Final Inspection Of Buses Planned

The spring quarterly inspection of the 109 school buses and passenger cars used in the transportation program of the Allegany County public school system will be made today, tomorrow and Wednesday at various centers around the county.

This morning the inspections will be undertaken at Flintstone and Piney Plains. This afternoon Oldtown will be the center of operations.

Tomorrow morning the inspections will be at Fort Hill. That afternoon they will be in Westernport and Lonaconing. Wednesday morning the checking will be completed at Mt. Savage and Frostburg.

Arthur G. Ramey, supervisor of transportation in the county school system, will direct the inspection, assisted by David Davis, mechanic. This is the last of the three inspections required by law during each school year.

Nun Assumes Duties Here

Sister Mary Edmund, who was a supervisor and later director of nurses when Sacred Heart Hospital was known as Allegany Hospital, has returned to Cumberland after an absence of about 14 years which she spent in other hospitals along the East Coast.

At present she is supervisor of St. Mary's Hall. Previously she had been at Allegany Hospital from 1928 to 1941. For two years she was a supervisor and later director of nurses.

After she left Cumberland she was located at hospitals in Greensboro, N. C.; Waterville, Maine; and Pensacola, Fla. A native of Wilmington, Del., she trained at a hospital in that city and later received her education at St. Joseph's in Emmittsburg, Pa.; Catholic University, Washington, D. C.; Boston University and the University of Maine.

She entered the novitiate in Emmittsburg.

County Ranks Seventh In Bond Sales

Allegany County now ranks seventh in Maryland in percentage of Savings Bond sales quota made so far this year, having accomplished 20 per cent of its objective.

Treasury Department information released through Lynn C. Lashley, savings bonds chairman for the county, reports the state of Maryland as making excellent progress towards reaching its goal of \$71 million for 1955.

January and February accounted for 15.9 per cent of the state's goal for 1955, or \$11,356,853 in sales of E and H bonds for the two-month period.

Lashley urged all savings bonds volunteers to continue their efforts in order to make it possible for Maryland to reach its 1955 quota.

According to the U. S. Treasury reports, nationwide sales of E and H Savings Bonds in the first two months of 1955 totaled \$1,038,000,000 and set a 10-year record.

Americans continue to buy substantially more series E and H savings bonds than they cash in. Cash sales exceeded redemptions of both matured and unmatured series E and H savings bonds in February by \$122 million. For the two-month period, the sales excess was \$291 million.

The sale of savings bonds contributed greatly to the easing of the problem of handling the national debt, Lashley said.

Edwards said he didn't know whether the old signpost had been at the proper location or not, but that the matter was something he felt should be straightened out.

"Back in 1921," he recalled, "the signpost marking the Garrett County line was located near the old toll house gate on Route 40 just west of Frostburg. Now it's up almost to the top of Big Savage Mountain."

Edwards explained that several coal mine operators had asked him to try to get the situation cleared up, because their operations are affected by the General Assembly's local laws referring to coal mining in Allegany and Garrett counties. Edwards said they want to be sure in which county they're operating.

He pointed out that the assessable bases of both counties, their share in state road-building programs, and several other matters could be affected by any shift in boundaries.

"Besides," said the Garrett delegate, "whether you're building a house or a town, it's good business to know your boundary lines."

His bill, designated House Bill 860, calls for a re-survey and legislative establishment of the boundary along the line set up when Garrett County was created in 1872.

Other bills introduced include bills affecting Allegany and Garrett counties which were introduced before the deadline Friday night included:

HB 844 (Allegany delegation) providing for a county humane office to license dogs and impound strays.

HB 848 (Garrett delegation) to provide a liquor dispensary for (Continued on Page 9, Col. 6)

A Long Pedigree

BY RABBI JOSEPH SCHIMMELMAN

Most people are very proud of their genealogy. Even in this sophisticated and cynical age, a long pedigree is valued highly. Many people boast of the accomplishments of their fathers or grandfathers but leave no heritage for boasting to their own children.

There are many of us, however, who question the wisdom of attaching so much importance to genealogy in our day. They feel that it is not in harmony with the democratic ideal which teaches that each person should be judged solely on his own merits. It is not who a person is that counts, it is what he does.

This can be applied to many institutions and individuals. The Daughters of the American Revolution pride themselves on the fact that many of them are descendants of early American families, that some of their ancestors landed on these shores from the Mayflower. But when a chapter, or chapters, acts unworthily by discriminating

against other Americans because of race, color, or creed, one is tempted to say to them, "Now look here, you have no basis for boasting. The Indians were here before you, before your ancestors thought of coming to the New World."

If one is a nonentity and he boasts of a great family from which he stems, he makes himself ridiculous. The question should not be: "Can we be proud of our ancestors?" but "Can our ancestors be proud of us?"

Alexandre Dumas, the famous French dramatist, was a quadroon—one of his grandfathers was a Negro. A bigoted reporter once tried to antagonize him and began to question him about his ancestry. "You are a quadroon, M. Dumas, aren't you?" he began. "That I am sir," quietly replied the author. "And your grandfather?" "A Negro," he answered the dramatist, whose patience was beginning to wane. "And may I inquire what your great-grandfather was?" "An ape, sir," thundered Dumas, "an ape! My pedigree begins where your pedigree ends."

Pedigrees are important only if they impel us to emulate the finest traits of our forebearers. But if a person's only claim to value lies in his long pedigree, then we are to be reminded that the gnat and worm have greater claim to fame, for they were created before man.

Senate To Study Budget; End Of Session Nears

House Adopts Cuts In Fiscal Measure

By HERB THOMPSON
ANNAPOLIS, March 27.—Any further changes in Gov. McKeldin's record 269 million dollar budget appeared to rest with the Senate this week as the 1955 General Assembly headed down the home stretch.

The Senate also was scheduled to bring out on Monday or Tuesday the second of McKeldin's major spending bills, a capital improvements program totaling nearly 10 million dollars in long-range construction projects for State institutions. These funds will be financed over a period of years by the property tax.

Tax increases needed to raise 28½ million dollars to balance the budget are not expected to come out of finance committees of the two houses until Friday or Saturday, with the Assembly adjourning the following Monday, April 4.

The House gave overwhelming approval Saturday to cuts totaling \$1,227,626 which the finance committee had shaved off the governor's original requests. It also beat down two attempts to restore some Health Department funds and rejected another which would have cut the Secretary of State's \$10,000 salary in half.

Comes Up Today
The bill is expected to come up for passage in the House today and move over to the Senate.

Sen. Phoebeus (R-Somerset) has already complained over some of the cuts made in committee, such as the \$345,572 from mental hospital appropriations which made up the largest single whack.

He said last week he couldn't see approving two million dollars for a University of Maryland library (in the separate capital improvements program) at the same time the Legislature saw fit to reduce the mental hygiene and similar budgets.

He indicated at that time he might offer opposition to the mental hospital cuts as well as the library.

That subject didn't come up in the House debate Saturday, but there was plenty of talk over the \$195,000 trimmed down from a 14½ million dollar Health Department budget.

Driscoll Move Beaten
Del. Driscoll (R-Allegany) led an unsuccessful fight to restore \$76,666 in funds cut from the city and county medical care program and the hospital in-patient program for needy persons. He also sought to put back \$54,558 for the State's tuberculosis hospitals. The House rejected his first move 73-24 and his second 62-38.

Driscoll complained that the committee had made a flat 1½ per cent across the board cut in the entire health budget to try to produce more efficient administration but that this move had impaired two important programs.

Del. Boone (D-Balto County), chairman of the House Ways and Means committee, said he didn't think any services had been impaired and that the committee felt the overall department cut would "perhaps serve notice on them to tighten up their housekeeping."

He said it was generally felt there had been "a certain amount of laxity in Health Department administration the past several years." Boone indicated it was up to the department to readjust its funds for more economical operation.

The Health Department also complained of some of the cuts in a mimeographed message to members of the Legislature asking them to reconsider the committee's actions. They specifically complained of reduced amounts for hospitalization of crippled children, medical care for the poor, chronic disease hospitals and tuberculosis hospitals.

Boone Calls Cut Slight
The message assured legislators that the department would "provide maximum health services with the money appropriated."

Boone said that cuts of only 1½ per cent in a budget so large must be considered relatively slight.

The secretary of state salary amendment was quickly disposed of. The House voted 82-11 against the move by Del. Nowakowski to reduce the \$10,000 figure to \$5,000 on grounds the secretary doesn't do enough to earn it.

Boone contended the figure set by the governor was justified and that previous secretaries who drew only \$2,500 under an 1867 constitution amended last fall were underpaid.

Since the House moved the governor's budget bill first, the Senate will have the chance to move his capital improvements program.

Joint Session Planned
This also will have some gashes in it, but just how many remained a question as the Legislators went home for the weekend. It was reported that the House committee had been able to cut approximately \$800,000 from the \$9,698,300 bond bill. The Senate Finance Committee was not through its discussions on it. The two groups will resolve any differences in joint session before the bill goes to the floor.

Before weekend adjournment, the Senate passed and sent to the House bills to more than double the State's contribution for school construction and to exempt certain materials used in newspaper publishing from the sales tax.

The House approved a Senate bill to permit ham radio operators to display special license tags, but sent it back to the Senate for concurrence in an amendment raising the price of the tags from \$1 to \$5.

High Wind Sweeps Western Maryland

Nuisance Damage Reported In Area; Sub-Freezing Temperatures Hit Fruit

March may have come in like a lamb, but it is giving every indication of going out like a lion, if high winds, dropping temperatures and snow flurries of the weekend are any criterion.

Throughout much of Saturday and all day yesterday, winds of gale proportions blew off roof tops and shingles,

topped trees and shrubs, damaged signs of all descriptions, interrupted individual telephone and electric power service, interfered with television communication, and generally set up a general nuisance.

No great damage was reported in any single section or area, however, the accumulated roof damage will probably run into thousands of dollars.

In North Cumberland, a number of homes reported damage to roofing and shingles. Two business places had the most individual damage.

Buildings Damaged
Wolfe's Slaughter House at 724 North Mechanic Street was hit by a high gust of wind yesterday afternoon and the facade on the street side of the concrete block structure was toppled into the street. Police and street department crews removed the debris so traffic could proceed.

At 251-255 North Centre Street, a 25 by 35-foot section of roof on the Automotive Supply Company building was blown away. Paul S. Sullivan, who operates the business, said there was no interior damage, and the roof section blew toward the Hay Street side or rear of the property.

Sullivan's place was hit some months ago, during Hurricane Edna, when a rooftop from a neighboring business tore down and damaged a large sign on the supply company building.

On Greene Street, a sign at the pickup station of Footer's Dye Works was damaged and several other signs were loosened.

Also on the West Side, several rooftops were loosened or damaged, and TV antennae were toppled. At the home of Merwin H. deputy clerk of court, on Rose Hill, a large evergreen tree in the front yard was uprooted.

Wind Is Widespread
In South Cumberland and Maple side there were also reports of minor damage, and some roof damage was indicated at the Jane Frazier Village housing development when shingles were blown back by the gale.

The wind was not confined to Cumberland. Throughout most of this county and Garrett County, temperatures stood below the 20-degree mark most of the time, and nowhere climbed out of the 20s during the past 24 to 30 hours.

State Police and the State and County Roads Departments said travel last night westward beyond Clarysville was hazardous. Route 40 and other highways were slippery. Snow flurries made visibility very poor and at times drivers stopped their cars because they could not see more than a few feet ahead. In some areas three to six inches of snow fell, but the wind blew it about so that it was a pattern of drifts and bare spots.

Utilities and railroads reported no serious damage anywhere in this area.

Little Utility Damage
Henry W. Price, local manager of the Potomac Edison, said there had been a few individual service calls but no serious trouble. Street lights in the Baltimore Avenue area and also in the Cresaptown area were out for a short time, when power lines blew loose.

C. Walter Haschert Jr., local manager of the C&P telephone company noted that there had been no major circuit or cable trouble, and only a few more than usual service calls due to the wind.

Potomac Valley Television Company reported some cable difficulty yesterday afternoon and last night. There was a fading and flashing on most cable sets, due to the wind. R. Holland Rannels, who operates the cable system said there was trouble in the Irons Mountain section where his antenna is located.

Static electricity and wind movement of the cable was causing some of the difficulty, he said, and two crews were out checking to try to keep the reception coming through with a minimum of interference.
